Arab-Jewish Truce For Four Weeks Starts Late Today

Mediator to Call Peace Parley On Neutral Island of Rhodes

CAIRO, June 9 (CP).—Count Folke Bernadotte, United Nations mediator, announced tonight that a four-week armistice in Palestine will start at 11 p.m. (P.D.T.) tomorrow and that he would call a peace conference on the neutral Island of Rhodes as soon as possible.

Bernadotte said the conference would be called to mediate the long-range issues involved in the Arab-Jewish war in Palestine.

The announcement of the Rhodes meeting came a few hours after the Swedish mediator announced that Arabs and Jews accepted his plans for the four-week truce unconditionally.

Rhodes is one of the Dodecanese group in the Mediterranean off the coast of Turkey.

When Bernadotte announced that Arabs and Jews had accepted the cease-fire terms, Trans-Jordan already had ordered its "commands and forces in the field to cease fire as from the hour and date fixed."

The mediator's truce announcement was made public in the form of a letter to the Egyptian Government which Premier Nokrashy Pasha released.

Although both Jews and Arabs said they had accepted the truce unconditionally, Israel's Foreign Minister Moshe Shertok said he was asking certain technical modifications relating to immigration, war materials and the supply of Jerusalem.

Announcement of the cease-fire hour raised hopes that at last, after six tries, the United Nations would succeed in bringing at least a temporary peace to the Holy Land, torn by strife for two years and open Arab-Jewish warfare since May 15.

It was widely recognised, however, that there could be many a slip before the truce hour, and even if an actual cease-fire goes into effect there may be many outbreaks which would endanger the armistice.

Jerusalem Still Scene Of Fighting

CAIRO, June 9 (CP).—Even as success in negotiating a truce agreement was announced today, widely-scattered fighting continued.

The Arab commander in Old Jerusalem said his artillery shelled the fortress-like Jewish Agency building, nerve centre of Jerusalem Jewry, and scored 16 shell hits.

The Israeli command said Egyptian guns also shelled western parts of the city from the south, and that Arab Legion armored vehicles tried to break into the Jewish positions in the Musrara quarter of the city.

An Iraqi communique said another battle lasting three hours was fought in the Jenin area of Central Palestine and another Jewish attack on the northern anchor of the Arab triangle was repulsed. The Iraqis said they had recaptured Lajjun, 11 miles northwest of Jenin, throwing the Jews back practically at the starting point of their recent offensive from that direction.

Syrian communique said Jewish concentrations between Tiberias and Nazareth were shelled from the air.

Egyptian fighter bombers again raided Tel Aviv.

Agreement on Israel Palestine Truce Issue

LAKE SUCCESS, June 9 (CP).—The three member nations of the United Nations Truce Commission in Palestine—the United States, France and Belgium—have been asked to supply coastal vessels as well as military observers to ensure the truce in the Holy Land.

This was disclosed late today by Secretary-General Trygve Lie. Lie said negotiations were under way for three United States ships, two French and one Belgian vessel to patrol the coastal waters of Palestine.

The announcement of military missions from the three countries followed the lines of a request by Count Folke Bernadotte, United Nations mediator.

The mediator's truce announcement renewed hope that the Arab-Jewish problem could be successfully solved. The Security Council meets Thursday afternoon to discuss developments in Palestine and the four-week truce.

NO IMMIGRATION

During the truce neither side will be permitted to gain military advantage of any sort and immigration will not be permitted into Palestine.

Now facing the Security Council—once the truce goes into effect—is the task of getting the Arabs and Jews to come to some agreement as to the status of the newly-formed State of Israel.

Sources here were relieved that Bernadotte considered the acceptances by both parties as unconditional despite the Jewish request for changes in technical terms. Bernadotte had made it clear Tuesday that if either party placed conditions on the acceptance, he would turn the whole show back to the Council for their handling.

The basic question in the negotiations that are to follow the truce is whether or not the new Jewish State is to remain in existence. The Arabs insist that they want the State abolished, while the Jews obviously will not agree to dissolve the country.

Acceptance of the truce, however, has given hope that it will be extended after the original four weeks. This, some observers feel, is necessary if any concrete results are to be effected.

150 Candidates May File For Saskatchewan Vote

REGINA, June 9 (CP).—It's nomination day in Saskatchewan tomorrow and nearly 150 candidates are expected to file nomination papers for the June 24 provincial election.

Already 144 candidates have signified they will run for the 50 seats to be decided in June. But several more nominations are expected before the official close of nominations at 2 p.m., M.S.T.

Two more seats — the far-northern ridings of Athabaska and Cumberland — will be decided July 22, with nominations July 8. Those elections have been deferred because of late Spring thaws which made election organization impossible.

Only one party — the C.C.F. — is contesting all 50 seats. But there will be no acclamations.

In many constituencies, the party line-up is complicated by local coalitions and working agreements between Liberals and Progressive Conservatives.

The Liberals have picked candidates for 41 seats and the Social Creditors for 38. Several more Social Credit nominations are expected. The Progressive Conservative party, unrepresented in the Provincial Legislature since 1934, is running eight candidates.

There are also three joint Liberal-Progressive Conservative candidates, three nominees backed by local voters' associations and one Labor Progressive party candidate. In two ridings — Melfort and Souris-Estevan — Progressive Conservatives are supporting Liberal candidates. In Rosetown the Liberals are supporting Alvin Hamilton, Progressive Conservative.

The C.C.F. now holds 47 seats. Armed Services representatives, elected during the 1944 provincial election, automatically disappeared with dissolution of the Legislature.

In each of three two-member city ridings — Regina, Saskatoon and Moose Jaw — combinations of Liberals, Conservatives and Independents are lined up against the C.C.F.

Victoria Soldiers Engage in Fight Against Rising Fraser

In the upper picture members of 5th Heavy Anti-Aircraft Regiment, Victoria, who are on round the clock shift are seen filling sandbags to bolster dikes from Coquitlam to Pitt Meadows. More than 100 officers and men are working in broiling heat to build the levies 18 inches higher, and plug holes. Signalman Arthur Willow of Victoria, in the lower photo, is seen keeping a constant watch on the dikes. Each dike-watcher is equipped with a "walkie-talkie" to report immediately any break in the dike at Pitt Meadows.

Fire Spreads Near Town In Ontario

Two Largest Fires May Yet Merge

TORONTO, June 9 (CP).—Hundreds of fire fighters manned bulldozers tonight in an effort to cut a firebreak between the Northwestern Ontario town of Chapleau and the spreading flames of a forest fire that had reached within four miles of the town.

Three other blazes kept firemen busy in the vicinity of the railway centre 125 miles northwest of Sudbury while other fires stretching from Northern Quebec to Manitoba helped boost Canada's fire losses, already beyond $34,000,000 in Ontario alone this season.

The largest fire in the Chapleau district, south of the town, has spread over 330 square miles of mixed timber, including white pine, jackpine, spruce and poplar. All four fires are growing in intensity.

Additional danger threatens as the largest blaze nears a 250-square mile blaze in the Mississagi area farther east. If the two combine, the resultant fire would be the largest in Ontario's history.

FORCED TO RETREAT

Fire-fighting crews in the Mississagi area were forced to retreat into the bush today as a 35-mile-an-hour wind drove the flames through their lines. This blaze includes cut-over and standing timber, mostly pine.

Meanwhile the Canadian Forestry Association assessed Canada's fire losses this season in burned timber and loss of lumbermen's wages.

Total destruction in Ontario during the past year is estimated by the association at 750 square miles. Forty per cent of this area is said to have been land covered by merchantable timber. Of the estimated 160 square miles destroyed in Quebec, only about 10 per cent is said to have had commercial value.

Rival Unions Engage In Riot at Cornwall

CORNWALL, Ont., June 9 (CP).—A combined force of R.C.M.P., Provincial and Cornwall police tonight rallied to quell a short-lived riot on Cornwall's strikebound waterfront.

They said members of rival seamen factions tangled after a squad of Montreal taxi-cabs followed by two trucks discharged more than 150 Canadian Lake Seamen's Union men on Cornwall streets.

Jacques Drapeau, 28-year-old Montreal seaman, was fished out of the Cornwall Canal and arrested on a charge of illegal possession of firearms.

Police said he jumped from one of the trucks and brandished a revolver. About 30 men on the waterfront, police said, piled on him and gave him a bad beating. As the Montreal man tried to get away from the mob, he was chased down the waterfront and jumped into the canal.

In Montreal police said Drapeau carried a Canadian Lake Seamen's Union card and was reported a crew member of the Canada Steamship Lines vessel Acadian, which passed through Cornwall today.

Police said the invading C.L.S.U. men later parked along the waterfront about a mile west of Cornwall, on grounds belonging to a coal company.

Mayor Lloyd D. Gallinger arrived in the Canadian Seamen's Union camp after the beating incident, elbowed his way through the crowd and told them they would have protection of city police if attacked by the C.L.S.U.

However, he warned them against trespassing on canal property.

Police said they were preparing riot squads in the event of further trouble but were confident they could handle the situation, although they predicted a further clash between the two groups.

The Canadian Seamen's Union (T.L.C.) is on strike to force four shipping firms to hire C.S.U. crews. The firms — Canada Steamships, Transit Tankers, North West Steamships, and Sarnia and Colonial Steamships — have charged the C.S.U. with Communist domination and have hired crews from the Canadian Lake Seamen's Union.

Poet, Producer Among Many Given Honors

LONDON, June 10 (Thursday) (CP).—The King's birthday honors, released today, recognise public service by a long list of citizens, many of them in the country's employ.

Few on whom knighthoods or orders were conferred are widely known. Only three peerages are created—baronies for Col. Sir A. E. Webb-Johnson, president of the Royal College of Surgeons; Sir William F. K. Taylor, 82, railway and canal commissioner, and T. E. Williams, member of the National Council of Labor.

Among those receiving knighthoods are C. B. Cochran, 75, famed theatrical producer and manager, and William Gilliatt, gynaecologist attending Princess Elizabeth.

Walter de la Mare, author and poet, is made a Companion of Honor. So is Rev. H. E. Lewis, blind congregational minister, who has written scores of hymns in Welsh.

Only one new Privy Councillor is named—Sir Frank Soskice, solicitor-general.

There are many awards for research work. Acting Air Commodore Frank Whittle, who developed a jet aircraft engine, is appointed a Knight Commander of the Order of the British Empire.

Dutch Town Offers To Aid U.S. City

PORTLAND, June 9 (AP).—Dutch town of Maastricht offered today to sell its art objects to help rebuild flood-destroyed Vanport.

"Your country has helped us to rebuild The Netherlands, the city of Maastricht will help you to rebuild your town," wrote O. Driesen, a teacher in Maastricht, Holland.

"Within a short time many objects of art will be sent to the United States and sold in your country. The revenue will be for your town."

Added Misery, Damage Expected Along Fraser As River Continues Rise

Weary Flood Fighters Fear Tide As Melting Snow Boosts Water

VANCOUVER, June 9 (CP).—The surging Fraser staged a comeback today and poised itself to hurl a new wave of destruction down the length of its misery-ridden valley.

Topping its May 10 high of 24.50 feet, the rampant river registered 24.59 feet, a quarter-foot rise since yesterday.

With one eye on the heaving river and the other on the dreaded Spring tide, scheduled to send a massive 14-foot assault wave inland, anxious flood fighters cling with grim tenacity to their work of bolstering the dikes. The greatest menace is the infiltration of the murky waters through the base of spongy dikes.

Exceptionally warm weather is continuing to melt snow in the mountain ranges and waters of the Fraser, Columbia and Kootenay Rivers. Even a sudden cold spell would not cause river levels to subside until the end of the week.

FOOT A DAY

Main danger point on the upper Columbia is Revelstoke, 250 miles northeast of Vancouver, where water is rising at the rate of a foot every 24 hours. Road traffic is at a standstill, with a washout at Clan William, nine miles west of Revelstoke, tying up the Canadian Pacific main line for 14 hours.

The Big Bend Highway is closed because of high water.

Crack-up of Revelstoke's flood defences would unleash a devastating torrent downstream toward Trail, where two dike breaches and a washout have caused flood control officials to evoke "desperate efforts" on the part of 700 weary fighters.

RAIL WASHOUT

The C.P.R. Birchbank rail washout at Trail will not be repaired for at least three days.

The smelter city lies behind its defensive chain of dikes, two feet below the level of the river. Official estimates that the river will rise another three feet before reaching its crest face the populace with a possible five-foot depth of water throughout its business section.

Except for the action of a handful of logging and truck operators, the Fraser River might be ploughing its course right through the Chilliwack area today. Residents told of a ten-man crew, headed by towering Ben McGrath, who last Thursday saw the danger and did something about it.

With a fleet of ten-ton trucks withdrawn from a logging contract, McGrath and his sons, with a few staunch friends, pitched in and built up the vital first mile of the 16-mile dike system.

"It gave me a queer feeling as I drove along that dike the first night," said McGrath. "The Fraser was batting at it less than 12 inches below the dike tops, on one side of me and 30,000 people were sleeping in their homes on the other, expecting the whole works to go at any minute."

Try to Save Rich Farms At Creston

CRESTON, B.C., June 9 (CP).—Flood relief workers and some army personnel still battled today to save the last dikes holding back tons of water from the Kootenay River, threatening to complete destruction of nearly 20,000 acres of rich farmland.

Already 15,000 acres of crop land have been covered by a huge, murky lake which overflowed dike systems after a 23-foot rise in the river. Estimates of crop damage ranged from $1,000,000 to $1,500,000 and cost of fighting the losing battle of the last two weeks was set at $50,000.

Hundreds of sandbags and about 40,000 feet of lumber have been used to bolster the sagging dike system, all that holds the river from another 2,000 acres of seeded land.

Farmers, viewing the lake over what one time had been rapidly-growing wheat, said no permanent damage had been done the land. The tons of silt which will be left when waters recede is a fertile top soil. If planting can be done this Autumn, some farmers estimate the crop next year will be worth $1,750,000, more than the $1,500,000 forecast for this year.

BULLETINS

Bridge Goes

CRESTON, B.C., June 9 (CP).—The Canadian Pacific Railway Kettle Valley line from Calgary to Hope, B.C., was broken tonight by a bridge washout at Balfour, B.C., on the west arm of Kootenay Lake.

Funds for Relief

WASHINGTON, June 10 (Thursday) (AP).—The Senate early today voted to free up to $10,000,000 of reserve funds for construction of emergency housing in the Vancouver, Wash.-Portland, Ore. flood area.

Dike Washed Out

TRAIL, June 9 (CP).—A breakthrough of a secondary dike today in the heart of this smelter city, sent the Columbia River almost up to sidewalk level on Bay Avenue, main thoroughfare.

Jet-Group Flight

OTTAWA, June 9 (CP).—A Canadian weather ship located in the Far North will co-operate in the first trans-Atlantic group flight by eight British jet-propelled planes, Naval Headquarters announced tonight.

Cloudburst Adds to Toll Of Washington Damage

SPOKANE, June 9 (AP).—A cloudburst which unleashed torrents of water and hailstones as big as marbles today ruined wheatfields, washed out a highway, flooded homes and closed a railroad southwest of Spokane.

First reports placed the heaviest damage at Mohler, near Harrington.

The cloudburst came as flood waters rose to cover "everything in town" at Cusick, Wash., where the Pend Oreille River is out of control and as the Upper Columbia River crept still higher.

Adrian Erner, Mohler warehouseman, said a cloudburst struck Mohler at 2.30 p.m. and pounded a two-mile swath for 35 minutes.

A flash flood rushed across State Highway No. 7 five feet deep, he said, and swept one truck right off the road.

William Borhnsen, superintendent of schools at Cusick, Idaho, said "everything in town is under water." Average depth of the water in Cusick is eight feet.

PORTLAND, Ore., June 9 (AP).—The Red Cross tonight listed 120 men, women and children for whom there is "deep concern" whether they escaped the Columbia River flood waters that smashed Vanport nine days ago.

They are members of 64 families living in the war-built housing project city when a dike-burst shattered the apartment homes of 18,700 residents on Memorial Day Sunday.

Four bodies have been recovered from amid the floating debris of the housing project.

Health Officers Watch Return

VANCOUVER, June 9 (CP).—Flooded-out families will not be allowed to return to their homes until given approval by provincial health officials in their areas.

The order was issued today after attempts by Agassiz evacuees to return to their farms following a recession in water levels. Wells and water systems must be pumped out as a precaution against typhoid.

Activity Comes to Hope As Railhead of Province

VANCOUVER, June 9 (CP).—The 100-year-old frontier town of Hope, B.C., is now the transportation hub of the province.

After almost a century of dignified anonymity, the town of 2,200 now is busier than it was in the mad days of the 1858 gold rush.

After an 11-day break, railway connections with Calgary and the East have been re-established, with Hope as a West-Coast railhead, from which passengers take buses for the remaining 100 miles to Vancouver.

The disruption, longest in British Columbia's history, has catapulted the little wayside station to national prominence.

Jimmy Vipond, who for years has run his Canadian Pacific station with no help at all, has taken all this in its stride. With a special staff of 30 he supervises the complicated terminal operations normally carried out in Vancouver.

"No one has left the station for a week except to eat and sleep," he said happily, sorting a stack of telegrams which would do credit to a New York Central terminal.

"All we need now is a big roundhouse and we'll be perfectly happy."

Hope always had six trains a day. The town is on the Canadian National main line and the C.P.R. Kettle Valley route. Now both lines run through one station.

In addition to his passenger worries, Mr. Vipond dispatches freight into Vancouver by truck as fast as rapidly extended facilities can handle it.

Canadian Seamen's Union Strike Affects Lake Ships

Controversy between the Canadian Seamen's Union (T.L.C.) and J. A. (Pat) Sullivan's Canadian Lake Seamen's Union has resulted in a strike which has already tied up several lake ships and may affect a total of 29 vessels. T. G. McManus, secretary of C.S.U., stated in Toronto today that if the R.C.M.P. does not protect his union's pickets from violence of rival union, a general lake seamen's strike may develop. Striking C.S.U. pickets are seen pacing the canal dock area at Thorold, Ont.

Island Army Units Rush Sandbags to Dike Slides

HANEY, B.C., June 8. (Special) — The Vancouver Island army group assisting whenever it is needed and patrolling sector No. 4, on the Allouette River front of the 48 miles of dikes, on the Fraser, Pitt, Allouette triangle, was reinforced today by a rear party under W.O. 1 G. H. Stobard, bringing the total strength to approximately 175 officers and men, mainly the Canadian Scottish Regiment.

During the night the dike split in the area where the Pitt meets the Fraser. At 1 a.m. the alarm sounded and before a slide could start, navy landing barges were dispatched to the spot loaded with sandbags and army work parties. A similar slide at Rippington Road on the Allouette took 10,000 sandbags.

However, the slides are less serious than a breakthrough which requires navy landing nets to be thrown across the break from landing barges. These nets anchor the sandbags thrown in the gap.

Where possible the sand is brought in by truck to the spot being sandbagged. It is carried or wheeled in, or as is the case of sector Number 4, where many roads and bridges are washed out or unsafe, it is piled on the barges at any suitable loading point.

Today the water is slowly moving up to the top of the dikes and at many places has reached the top and is spilling over into the meadows below. Men held in readiness for these anticipated overflows, were rushed to the scene and under supervision of the army and civilian flood experts started what may well be a continuous task for the next week. Chances are still considered good that the dikes will hold, but should the water pressure push through any sizeable portion of the dikes on any of the three rivers, the whole of the meadows except for high ground would be lost. Already the water is four inches higher than expected and still rising.

The distressing sights of flooded homes, some new and many incompleted, cattle being herded to high ground and inundated farm lands are more than counteracted by the scenes of courage and endurance among the exhausted workers.

A farmer who patrols the dikes all night fell asleep at the wheel of his tractor yesterday and was rescued from a water-filled ditch by a transport sergeant. Another worker arrived at the Pitt Meadows Municipal Hall for his free hot meal prepared by the volunteer women workers, dozed off with his head right down on his plate. He jerked up his head just as the civilian work dispatcher called for 40 volunteers, pushed his plate away and stumbled out. These are the people the army is relieving. Tired out workers who have been going night and day, will now just patrol the dikes they know so well, spotting danger signs, and the signs are everywhere.

Late News On Floods

VANCOUVER, June 8 (CP)—Naval authorities tonight banned all Fraser River traffic, except for flood work, between Mission, B.C. and South Sand Head at the mouth of the Fraser.

A call for 1,400 volunteer dike workers per day until the Lulu Island flood crisis is past, was issued by the Army. Authorities were concerned with a serious manpower shortage.

Hugh Allison, representative of the Canadian Brotherhood of Railway Employees, said today 300 longshoremen, unemployed in New Westminster, were working on Fraser River dikes.

Between 8,000 and 10,000 workers in Vancouver and in the many flooded areas of the province are idle because of the floods.

National Employment Service officials reported 3,000 to 4,000 sawmill men are out of work in New Westminster alone.

Both C.P.R. and C.N.R. report many men laid off.

Twenty carloads of cattle, fresh meat, flour, malt and cereals arrived in Vancouver tonight from Alberta points via Sweetgrass, Mont. The shipment was arranged by the Board of Trade's transport emergency committee.

SALMON ARM, B.C., June 8 (CP)—Waters of Shuswap Lake are near the top of the Canadian Pacific Railway tracks at Salmon Arm, 200 miles northeast of Vancouver.

River level at nearby Sorento has reached 15.8 feet, with continued heavy melting giving cause for concern.

Bitter Three-Way Battle Seen In Quebec Election on July 28

QUEBEC, June 8 (CP) — The Quebec general election, awaited since the close of a turbulent Legislature session 16 weeks ago, was fixed today for July 28.

The election campaign is expected to be sharply fought with the bitterest hustings oratory heard in the province in recent years.

Premier Duplessis' Second Union Nationale administration, elected in August, 1944, goes to the voters for an extension of its current four-year term.

The Liberal Opposition, led by Adelard Godbout, Quebec Premier

lenge the Government on its main campaign issues of provincial rights and anti-Communism as well as administration.

In recent weeks, party officials on both sides have given the opinion that either of the two political groups may be left crippled by a heavy loss.

The date — July 28 — falls on a Wednesday, a day dedicated to St Joseph in Quebec and reserved for the Premier for his important decisions.

Standing in the Legislature at dissolution was:

Union Nationale, 52, Liberals, 33, Bloc Populaire, 1; Nationalist, 1; Independents, 3, vacant, 1, Total 91.

Ninety-two seats will be contested in the coming election.

Completes 21 Years As Prime Minister

OTTAWA, June 8 (Special).—The storm centre in many hurly-burly days of his political career, Rt. Hon W. L. Mackenzie King tomorrow will celebrate the completion of 21 years as Prime Minister of Canada.

Mr. King holds the all-time, world-wide record, as an elective head of the state. On April 20, he equalled the previous record set by Sir Robert Walpole, who was Prime Minister of Great Britain for a total of 20 years, ten months and nine days.

House of Lords Defeats Bill Cutting Veto Power to Year

LONDON, June 8 (CP)—Labor members of Parliament agreed to compromise on the abolition of the death penalty and Conservative peers refused to accept the reduction of the Upper House powers in major political developments tonight.

The parliamentary Labor Party in private session agreed to the proposal to permit the death penalty for premeditated murders or the killing of policemen or their assistants. In April, the Labor majority in the Commons voted to abolish the death penalty for murder and the proposal was later rejected by the Lords.

The Conservative majority in the Lords defeated by a vote of 177 to 81 the Labor Government's bill to cut from two years to one the period for which the Upper Chamber can veto Commons legislation.

The Upper House action means the Government must call a special session of Parliament probably in September and October lasting a month or five weeks, to have the Parliament bill brought into effect before the 1950 general election.

Czech Premier Only Nominee

PRAGUE, June 8 (AP).—The executive committee of the Communist Party proposed Communist Premier Klement Gottwald today as the only candidate for President of Czecho-Slovakia, to succeed Eduard Benes. It proposed Communist Antonin Zapotocky for the premiership.

The proposals were made to the Communist-ruled National Front coalition.

A jester was originally a kind of minstrel or professional reciter of romances. Later jester came to mean a clownish wit or buffoon kept by noblemen for their amusement.

Butter Cargo In From East

VANCOUVER, June 8 (Special)—The largest air shipment of butter to reach this city since the rail tie-up created a shortage of the commodity was completed by Trans-Canada Airlines yesterday when 25 tons was landed at Vancouver Airport from the East. It brought to 104,000 pounds or 52 tons, the total butter supplied to the city by T.C.A. in a little over 24 hours, as 54,000 pounds were flown in late Monday night. Altogether, the airline has brought in more than 200,000 pounds.

"Wonderful success with . . . Gro-Pup"

"*You can certainly say that I recommend Gro-Pup most highly,*" writes Mrs J. S. Grant of the Seafield Kennels, Reg'd., Edmonton, Alta. "*We've had wonderful success with it for over 10 years. Champion Lady Beth of Seafield, shown above, was raised on Gro-Pup from puppyhood.*"

Why breeders feed Gro-Pup

BREEDERS KNOW it is not safe to try to raise dogs on "table scraps." Dogs need a properly *balanced* diet that gives them everything they must have for strong bones, sound teeth, and a beautiful coat. That's why breeders feed Gro-Pup.

GRO-PUP IS A PROPERLY BALANCED DIET to keep dogs of all ages, sizes and breeds at their natural best. Not only do dogs like it but it contains every vitamin and mineral they are known to need.

GRO-PUP SAVES YOU MONEY. It costs *only 5¢ a day* to feed a good-sized dog. It is all *dry* solid food. That is why Gro-Pup is *so economical.* A 2-lb. package actually contains as much solid food (*dry weight*) as your dog could get in *five* 1-lb. *cans* of ordinary dog food.

Feed your dog as famous kennels do. Buy him Gro-Pup. Your grocer has it in both *cubes* and *meal* form—*for variety.*

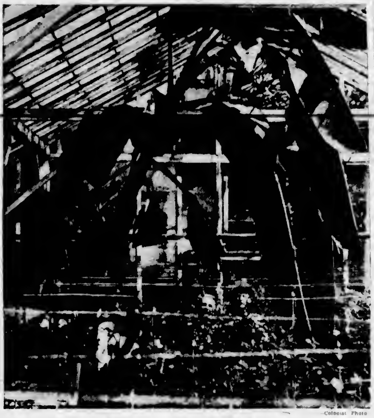
"Banana Belt" Comes to Victoria



—Colonist Photo

Vancouver Island's sunshine publicity men should seize upon this with glee. two-year-old banana plant belonging to W. F Creed, Shelbourne Street, is flowering and seems likely to produce fruit. Plant was six inches tall when brought from California. It has grown to 15 feet. Fruit forms under the petal of each blossom; is expected to ripen in six weeks or two months

Council Approval Sought For Five-Year Road Plan

City Council will be asked this morning to approve borrowing of $1,156,800 for a five-year city road-building program.

If approved, the by-law authorizing the borrowing will be put to a vote June 24 along with a by-law to borrow about $155,000 for water works

as possible, will be major rebuilding not patching, and will amount to putting in completely new streets, according to Acting Mayor Dr J. D. Hunter, chairman of the public works committee in charge of the project.

"Nothing has been done in Victoria on major road work for 20 years," the acting mayor said "Most of our roads were built in the horse and buggy days and they have outlived their usefulness.

"The depression and then the war prevented any major road work."

Thirty thousand dollars will be spent for improvement of hazardous corners and intersections. Top priority for work will be given streets tracks

The program calls for

Work on Fort Street from Government to Foul Bay Road, $84,000. Government Street from Market to Superior Streets, $46,600. Oak Bay Avenue from Fort Street to Foul Bay Road, $33,700 Foul Bay Road from Crescent to Quamichan, $53,000.

Superior Street from Douglas to St Lawrence Streets, $30,000. Pandora Avenue from Douglas to Cook Streets, $18,000. Esquimalt Road from Dominion Road to Point Ellice Bridge, $10,000 Burnside Road from Douglas Street to Washington Avenue $21,900

Caledonia Avenue from Blanshard Street to the High School, $30,000 Pembroke Street from Fernwood Road to Richmond Avenue, $26,000 Bay Street from Quadra to Cook Streets, $14,000. Begbie Street, from Belmont Avenue to Pembroke Street $19,880

These industrial streets will be paved and curbed: Begbie Street from Garbally Road to Bay Street, $23,900. Discovery and Herald Streets, $15,000 each, Richmond Avenue from Fort Street to the city limits, $18,250

Widening and reconditioning will be done on Foul Bay Road from Crescent Road to Quamichan Street, $53,000 Bay Street from Cook Street to Richmond Avenue, $38,400. Blanshard Street from Pembroke Street to Hillside Avenue, $36,500 Fairfield Road from Memorial Crescent to Foul Bay Road $24,000. Montreal Street from Belleville Street to Dallas Road at $32,490

Crowns will be lowered and roads reconditioned on other streets at cost of $38,520

Wood blocks will be removed and roads paved at cost of $27,660 This includes work on Humboldt, Herald and Yates Streets. Balmoral Road from Chambers Street to Fernwood Road will be regraded and rebuilt. Rebuilding and resurfacing on Southgate Street from Rupert Street to Vancouver Street is estimated at $12,800

Says Real Job of Universities 'Teaching Men to Live Happily'

"The job of a university is to teach men and women how to live happily."

Dr F Cyril James, principal and vice-chancellor of McGill University, told Mrs. H E. Young, graduate in Arts at McGill in 1895 and more than 40 other graduates at a dinner in Empress Hotel last night that 'human happiness is quite as important as productivity to the survival of Western civilization.

Apart from a few names, he said, McGill's contribution to the humanities which stress the importance of happiness, has not been outstanding.

The youthful leader of Canada's second largest university said that Canadians must demand that their universities keep alive their heritage of culture.

"This means the re-interpretation of this heritage to successive generations," he asserted

Dr James said that the two most important functions of a university were to educate and train professional men who will tomorrow be responsible for the welfare of Canadian society and "to expand the frontiers of human knowledge by continuous research

"Canada will lose ground in the future if it fails to be as generous as Russia and the United States in financing research

"McGill's greatest contribution he suggested, 'would be in the field of these intangibles—teaching men to find, make and enjoy happiness'

Speaking of McGill's 1,535 graduates of 1948 Dr. James said more of them were second generation students than at any previous convocation

Professor J. I. Duthie Molson Professor of English at McGill University and outstanding Shakespearean scholar, who was scheduled to address the gathering of graduates at last night's dinner was held up at Revelstoke

Drill Corps Busy In Portland Visit

Members of the Victoria Girls' Drill Corps are having a fine—and busy—time in Portland, where they are attending the Rose Festival according to word reaching Victoria last evening.

Driving south to Portland Monday the Corps found reports of flood conditions on the highway greatly exaggerated They had no difficulty on the trip

With a three-hour tour of the Bonneville Dam power plant as guests of the U.S Army behind them, Corps members look forward to a reception by Portland's mayor and council this morning a visit to The Portland Oregonian this afternoon and a singing appearance over Station KGW at 7 30 o'clock this evening

Fine Weather To Continue

Victoria's current spell of hot Summer weather shows little chance of changing in the next few days.

According to a report from the Gonzales weatherman last night, the weather today will continue clear and warm, with light winds and an expected temperature of 75 degrees

Yesterday the high temperature was 77, and a little higher in the downtown Victoria area, with 14 hours and 54 minutes of continuous sunshine.

The temperatures still haven't approached Monday's high for the season of 84 at the observatory It was only four degrees lower than the all-time record for June 8 set in 1903 of 88 degrees.

LIMITS RELAXED

OTTAWA, June 9 (CP)—In line with a policy of finding employment for older persons, the Civil Service Commission today announced a relaxation in the entrance age limits for a number of classes in the public service

The increase in age limits ranges from five to 15 years and directly affects ten of the entrance classes.

Junior Optimists Number 40 After Initiation Ceremony

With the object of creating better citizens, the Optimist Club of Victoria last February began the organization of a Junior Optimist Club in Victoria West. The initiation of 11 new boys last night at the clubrooms on Tyee Road, brought total membership in the junior group to 40

E H. Baker, chairman of the Optimist boy's work committee said last night no additional members would be accepted in the club for at least a month "to give us a chance to consolidate ourselves."

The Optimists plan to hold a carnival at the Bay Street Armoury from June 24 to 26 to raise further funds for boy's work

Money raised at the carnival, said Mr Baker, will be used to outfit four complete ball teams participating in the Victoria Junior Baseball League, five softball teams, and supplement the club's boxing equipment.

Mr. Baker said the entire club will be sent to the Y.M.C.A camp at Glints Lake near Sooke this Summer.

Assisting Mr Baker in the Optimist program are Don Frith, past president; Dave Decker, Charles Hallett, Jack Cox, Dr Wynne Campbell and Jim Cruikshank.

FRUIT SCARCE

A shortage of oranges, grapefruit, lemons and new potatoes for the remainder of the month, was predicted by local fruit and vegetable wholesalers yesterday.

City wholesalers have exhausted most of their June quota of United States currency, it was explained.

Regular shipments of new potatoes will be brought into the city, but not enough to meet the heavy demand. Local peas are making an appearance in city stores, and hothouse tomatoes are starting to rise in price.

Hit-Run Truck "Helps" Police

THE old adage that crime does not pay rang true again Tuesday

British Columbia Police reported that a car was sideswiped by a truck on the Island Highway near Thetis Lake and failed to stop

The ironical part about the incident is that the only part that was knocked off the hit-and-run truck was the licence plate

The rest will be comparatively easy for police

Benefits, Drives Being Planned To Increase Flood Relief Fund

Greater Victoria's flood relief fund, now past the $58,000 mark, is expected to receive tremendous impetus during the coming week from benefit performances and special drives

Yesterday F F Fox, the fund's publicity officer here, said that contributions forwarded direct to Vancouver would probably swell the total by many thousands of dollars.

Meanwhile, construction workers have volunteered to give a day's pay and in the building trade firms and their staffs have given close to $3,000. Individual donations continue to pour into the many collecting agencies, including the City Hall, Victoria banks, the police station and into three municipal funds

SAANICH DRIVE

Following authorization from the Saanich Council to raise funds, Saanich Board of Trade will sponsor a four-day drive beginning Saturday and continuing through the first three days of next week Storekeepers will be asked to supply desk space in their establishments, to be manned by volunteer canvassers

Ward councillors have been appointed captains of their respective wards Personnel to man the store desks for not more than five hours per day are asked to phone their ward councillor as soon as possible sor a four-day drive beginning conducted, it was learned last night.

Friday at 9 30 p.m a Flood Relief Dance will be held in the Club Sirocco under the joint sponsorship of the club management and the Hudson's Bay Company. Arranged in conjunction with the Victoria flood relief committee, proceeds will be turned over to the Greater Victoria fund. Admission will be by donation only

Other organizations in the city planning benefit affairs have been refused official approval unless the performances feature volunteer artists, said fund officials Although all offers of assistance are being gratefully acknowledged, Walter B. Miles and Norman Yarrow, committee heads said yesterday that use of the flood committee's name cannot be permitted when professional artists are to be employed in a paid capacity

Sacks for use as sandbags are still urgently needed Any citizen wishing to donate sacks suitable for the purpose may take them to any of the three municipal police stations or to the Victoria City Police

Hospitalization Plan Accents Shortage of Beds

MR. Pearson, Provincial Minister of Health and Welfare, has reiterated his earlier warnings that unnecessary hospitalization will not be tolerated when the plan of compulsory hospital insurance goes into operation, probably next January. The reason for that injunction is obvious.

It is less clear, however, how the Provincial Government proposes to find beds for the increase in hospital cases that will follow inauguration of the scheme. The Government may well find that it has bitten off more than it can chew.

An outcome of Premier Johnson's present visit to Ottawa may be increased Dominion aid towards the cost of new and expanded hospital accommodation—though past experience with Ottawa would suggest that he has little to hope for there. Be that as it may, new hospitals, even if funds were available, are not built in six months. It would appear, therefore, that the Government may find itself in the position of an hotelkeeper who has signed up more guests than he can put up.

The plain facts are that British Columbia is gravely short on hospital accommodation now; that current building programs are quite inadequate even for current needs, and that notwithstanding this already serious situation the Government is committing itself to hospitalization on a much wider scale.

The compulsory insurance plan is a laudable attempt to meet a pressing human problem. It would be a pity to have it tumble because of a premature start.

Promise of Federal Flood Aid Is Outlined

THOSE most adversely affected by the Fraser and other British Columbia floods now have before them in outline the extent of the financial relief to be afforded by the Provincial and Dominion treasuries. The two Governments will split the cost of temporary emergent measures, while the Federal treasury will foot three-quarters of the bill for strengthening the dikes and all future drainage of the flooded areas.

It is the provision for eventual rehabilitation of the affected farmlands upon which most interest will be centred. Here the details are not cited, beyond the statement that the cost will be settled in agreement between the two Governments concerned. The scope of this recompense will thus remain to be seen, although for the present the promise will be taken at face value in the expectation that compensation will be as generous as possible. Much individual assistance will be required by those bereft of home and property.

One trusts that offsetting costs incurred through the use of the armed forces and other Federal facilities will not be assessed too highly, else the Dominion's share of rehabilitation may not match what this province might consider to be fair and just. Meantime, every effort presumably is being bent towards restoration of dislocated communications and transportation services, which if partially suspended for long will have a crippling effect on the trade of British Columbia, thus adding materially to the direct flood loss.

British Columbia's own flood relief fund meanwhile is increasing, having been boosted by the $100,000 provincial vote this week.

Indefinite Hoist on Island Roads Questioned

THE impression emanating from Provincial circles that three major road projects on Vancouver Island will be indefinitely delayed by reason of flood on the Mainland requires explanation. The Government stands pledged to action in three definite directions: survey and reconstruction of the main entry to the Island Highway from Victoria City; survey and construction of a fast-transit highway to Patricia Bay with Federal help; and rebuilding of 18 miles of the Island Highway itself between Duncan and Ladysmith.

It is understandable that for the next few weeks the Department of Public Works will have its hands full with the flood situation: and that key men as said will not be available for road surveys. Rehabilitation in the flood areas is another matter, and there seems less reason to advance that as an excuse for any indefinite postponement of the normal road program of the province. The Administration went on record at the time of the Saanich by-election as to what would be done on Vancouver Island, "immediately" and "at the first possible moment."

It need hardly be stressed that the main outlet to the Island Highway from the Island's chief centre of population and the airport thoroughfare are crucial to the development of communications on the Island. That some delay must ensue through the floods on the Mainland may be inevitable, but that the floods themselves or the rehabilitation steps later should suspend all major roadwork here is not practicable.

STAND ENDORSED

Sir,—It is always the desire of the John Howard Society to give aid in any activity or endeavor which has for its object the reduction of crime and delinquency, more particularly toward the betterment of penal conditions and the rehabilitation of delinquents.

At a meeting of the board of directors of the John Howard Society of Vancouver Island, held on June 3, a resolution was passed unanimously wherein approval and support was expressed of the objectives of the campaign being conducted by the Victoria and District Parent-Teacher Council and other local organizations, for the elimination of the sale of salacious, undesirable publications in the province.

The opinion was expressed at this meeting that the continued sale of such undesirable literature was having an evil influence upon the minds of the young people who were in the habit of reading it.

The board decided to send a copy of its resolution on this subject to Attorney-General G. S. Wismer, together with a request that some suitable action be taken to overcome this state of affairs.

WHAT NEXT?

Sir,—Would any of your readers, horticulturists or others, be interested in the freak flower in my garden, namely, a foxglove plant with a hollyhock bloom at the top of the main branch? To add to its interest, the plant has branched out into six parts, each of these bearing a Canterbury bell bloom at the top. The whole is a delicate shade of pink. This must surely be the work of bees. The seeds should have some value.

(MRS.) W. L. PAYNE.
844 Darwin Avenue, Victoria, B.C.

DONORS THANKED

Sir, — Victoria Municipal Chapter, Imperial Order Daughters of the Empire, would greatly appreciate the opportunity of thanking all those who by their efforts helped the Order to raise over $2,000 for flood relief and welfare work.

The success of the tag day was in great measure due to the wonderful co-operation, so spontaneously given, by the following organizations: St. John Ambulance Brigade, Victoria Catholic Women's League, W.A. to P.P.C.L.I., W.A. to R.C.N., Red Cross Corps, Victoria and District Parent-Teacher Council, Lake Hill Catholic Women's League, Liberal Women's Forum, W.A. to Britannia Branch, Canadian Legion, W.A. to Pro Patria Branch, Canadian Legion, White Cane Club, pupils of Oak Bay High School under Miss K. Riley, Women's Conservative Association and the Y.W.C.A. Board.

In addition to the members of organizations many men and women and boys and girls assisted in the tagging. The Order is deeply indebted to these willing helpers.

Finally, Victoria Municipal Chapter gratefully acknowledges aid given by the press, radio station CJVI, the B.C. Electric Railway Co., Ltd., the Victoria City Police and the Imperial Bank.

Convener, Alexandra Rose Tag Day.

AT THE OBSERVATORY

Sir,—I was one of the privileged 28 who took the beautiful Observatory trip on Saturday last. Entering the Observatory, we all mounted a ladder and gazed through the great telescope, the fourth largest in the world, and we could see quite plainly the blaze of Arcturus, millions of miles away.

The mind seems to shudder back from these immensities of space and time. We were told that it took 40 years for the light of Arcturus to reach the earth.

In the lecture which was delivered for our benefit and pleasure we were introduced to the technicalities of the great machine we saw before us . . .

Quiet Work

One lesson, Nature, let me learn of thee.
One lesson which in every wind is blown.
One lesson of two duties kept at one
Though the loud world proclaim their enmity—
Of toil unsevered from tranquillity!
Of labor, that in lasting fruit outgrows
For noisier schemes, accomplished in repose,
Too great for haste, too high for rivalry!
Yes, while on earth a thousand discords ring,
Men's fitful uproar mingling with his toil,
Still do thy sleepless ministers move on,
Their glorious tasks in silence perfecting;
Still working, blaming still our vain turmoil,

Summer Idyll . . .

"SHE LOVES ME . . . SHE LOVES ME NOT"

Canada's Trade

By FRANK M. KELLY

ACCORDING to the trade statisticians, Canada's exports in April of this year totaled $212,000,000, almost 11 percent above the figures for the same month of 1947. Value of exports for the four months of this year, ending April 31, amounted to $884,400,000, an advance of 12 per cent over 1947 figures. The United States proved to be Canada's best customer in April, taking $109,219,000 of varied products, with total exports for the four months of 1948 aggregating $421,000,000, up 31 per cent over the previous year.

Shipments of merchandise to the United States were not always so great. The United Kingdom was Canada's best customer at one time. From January to April of this year, Great Britain bought a total of $220,143,000 worth of Canadian goods, up from $185,963,000 for the same time last year; while exports to other countries show a decrease from $93,391,000 in 1947 to $90,228,000 this year so far; and to South American countries from $44,876,000 in 1947 to $35,032,000 for the first quarter of this year. To other British Dominions and Eastern Europe, figures show both increases and decreases.

GREATEST FACTOR

Dollar shortage has been the greatest factor in the decline of shipments to Empire countries. While the Union of South Africa, Newfoundland and India figures are up slightly, those for Australia and New Zealand have dropped considerably. It is also expected that Britain will purchase less from Canada on a cash basis from now on until conditions get normal again, unless Canadians can be prevailed upon to purchase larger quantities of British goods, enabling the Mother Country to bargain for greater quantities of Canadian lumber, metals, fish and agricultural products.

British Columbia, particularly, among the provinces of Canada, has products which in some years past found a ready market in the British Isles—lumber, fish and fruit, to mention the most important. Unless some arangement can be made, apart from relying on the practice of "buying British" we are told more or less pointedly that our market there is precarious, some even going so far as to predict that Britain in 1948 must reduce her buying in Canada to the veriest essentials.

If those predicters are right, it will mean that this year, 1948, will mark the first time in a long period of years when little, if any, salmon and few boxes of apples seem likely to go overseas from this coast to Britain. So far it looks as if certain financial arrangements cannot be made nationally to enable some medium of exchange possessing mutual benefits to both lands, and the only alternative for British Columbians is to help stabilize the situation by buying larger quantities of British-made merchandise.

ONE-SIDED ARRANGEMENT

One can deduce from figures published by the British Columbia Department of Trade and Industry that the exchange of goods between Britain and Canada has been a somewhat one-sided deal for some time past. For instance, British Columbia exported goods to the value of $115,248,000 to Britain in 1947 and purchased in return just $18,413,000 worth. That is hardly an equitable ararngement. If this conditions is not remedied in some manner, two of British Columbia's major products will suffer this Autumn and workers will feel the effects in the following months.

In any event, Foreign Trade Week, which was observed throughout British Columbia last week, is something in which everyone should be interested. Last year Canada's total exports were over five billions of dollars, a third of Canada's income, or $435 for each man, woman and child in the country. Loss of this or any portion could very well affect the excellent standard of living most Canadians now enjoy.

Calling Stalin's Bluff

By STEFFAN ANDREWS
(North American Newspaper Alliance)

WASHINGTON — The State Department is planning to call Premier Stalin's bluff on Soviet peace overtures by suggesting a series of conferences on minor postwar problems.

The department's top experts on Russian policy believe that talks on the relatively simple pending issues would be a good test of the Kremlin's sincerity in wanting to settle the larger, crucial issue of peace.

If Moscow permits these minor problems to be settled successfully, the diplomats then would proceed to more far-reaching problems and attempt to tackle such basic issues as peace treaties for Germany and Japan.

Tactically, the suggested conferences would test out Russia's intentions and serve as a countermove to further Soviet peace bids. The Soviets will be asked flatly not only to talk peace but to act peace.

Although the talks will be broached probably within the next few weeks, it was learned that no announcement will be made of the matter for fear of unduly raising the peace hopes of the world.

Problems to be taken up at the conferences include:

Trieste—The Russians will be asked to permit the long-pending appointment of a governor for the free territory or to agree to the tripartite proposal broached by the United States, Britain and France for return of Trieste to Italy.

Danube—The Soviets have blocked trade on the river and restricted its use to Russia and her satellites. The United States will ask that this artery be opened to all European nations and free trade resumed as before the war.

Exchange—The United States again will propose a broad cultural exchange of students, teachers, scholars and correspondents between the two countries. To date, the Russians have rebuffed all attempts at reciprocity and have refused to grant visas.

Airlines—The United States again will urge establishment of a two-way civilian air transport between the United States and Russia. Heretofore, the Soviets have refused to permit an American commercial airline to operate into Moscow.

Citizenship—There are nearly 1,500 persons claiming to be Americans clamoring to leave Russia. The State Department believes anywhere from 150 to 300 of these are bona fide American citiens. But the Kremlin won't permit them to leave; insists they are Soviet citizens.

Lend-Lease — Russia still hasn't settled her $11,000,000,000 wartime lend-lease debt. The State Department believes the Soviets are stalling. The United States again will try to settle this debt amicably, pointing out to the Soviet Government that three years have elapsed since the war ended.

It is understood that Soviet Ambassador Alexander Panyushkin left for Moscow to impress on his Government the importance of coming to an understanding with the United States on the debt and on some of the other pending problems.

If Stalin wants to call off the "cold war" and actually improve peacetime relations, the United States diplomats believe he will have plenty of opportunity at the forthcoming conferences to prove it.

An Act of Friendship

(Editorial in Toronto Globe and Mail)

THE unanimous decision of Toronto's City Council to set up a fund to provide assistance for the flood victims in British Columbia will receive the wholehearted support of the entire community. By this proposal Mayor H. E. McCallum created an opportunity for it to give practical expression to the deep sympathy which the people of Toronto feel for those in the West Coast Province who have suffered so heavily.

The council has approved the mayor's sugestion that the city pay the administrative expenses of the fund. Therefore, those who contribute will be assured of the flood victims receiving the full value of their donation. But the fund is a most worthy gesture for reasons other than the practical assistance which it can provide. There are many who think that the great distance between British Columbia and Ontario makes for a lack of understanding. This is not the case. And by their generosity the people of Toronto can demonstrate the genuine friendliness which they have for the people of British Columbia.

Moreover, they will support the fund with the warm and satifying feeling that their neighborly gesture would be reciprocated were the positions reversed. The spirit which prompts them would bring the people of British Columbia to our aid were some disaster to befall us. From whatever direction such expressions of sympathy are offered they inevitably draw tighter the bonds of goodwill. This is the lasting, the most worthwhile contribution which Torontonians can make through the mayor's fund.

The Packsack

Of GREGORY CLARK

LATELY a man asked me what was the best fishing rod to buy. He wanted to take up fly fishing. I assured him that there was no such thing as a best fishing rod. It was the man, not the rod, who caught the fish.

This may seem a snidey sort of answer to give to a poor chap wanting to get started in the sport of angling. But there is a wide-spread notion in the world today that if you buy the best tools, half the job is done. It just isn't so. A clever or skilled man with poor tools is not merely better, he is a hundred times better, than a dub with the best tools on earth. In fishing this can be witnessed any day of the week.

Fishing, however, is the humblest demonstration of it. All over the country, in the next few days, are being held graduations, convocations, in high schools and colleges, at which armies of youth are being invested with diplomas and degrees. But somehow it is not the successful candidates mounting the platforms to whom my heart now turns; but to the inevitable percentage of the boys and girls who aren't there. The ones who failed.

What can we say to comfort them?

We can inform them, strictly on the q.t., that the best men and women in the world are not necessarily holders of diplomas and degrees. It is the brain, and the character back of the brain, which makes the successful man, regardless of diplomas, regardless of tools, of money, of opportunity, or even luck itself. Take it easy, son, wherever you are hiding this day while the college bells chime.

The man who gave the world bells had no degree, but only a dream and a hammer.—Canada Wide Feature Service Ltd.

Observation Car: By G. B.

AFTER a long argument about what he would do to improve the world, Bill, the Broad Street barber, ended by exclaiming: "Now, do I make myself plain?" The boss instantly replied: "No, Nature did that." . . . "I can usually sleep through such things as an earthquake, a riveting machine, or the noise from a boiler factory, but warm Summer nights often keep me awake," the Keating Squire remarked to a friend. "Did you ever try the time-honored custom of counting sheep?" the man asked. "What! With the present high price of lamb and mutton?" the Squire retorted. . . "I sometimes think that a lot of trouble in the world today is caused by meddling reformers," a customer said to Tobacconist Martin. "Quite so. A reformer is conceited enough to believe other persons have more faults than he has," Martin chuckled. . . . An Indian fisherman and his wife from Sooke wandered along Fort Street taking in the sights of the bustling city and buying a few groceries to eke out their simple diet of seafood. Finally they stopped outside a fish shop, where the man noticed fresh salmon at 55 cents per pound. His face broke into a broad grin as he pointed to the window and said to his wife, "Gee." She returned the grin and replied, "Money." . . . A. L. Tosland, assistant to the Director of National Employment Service, Ottawa, stated during a recent interview "We estimate there are about 50,000 men in the 'over 40' group seeking work in Canada. The majority of them are not unemployables, but highly-skilled workers in every field of business and industry. Our main task is to break down the attitude of employers which makes them give preference to younger workers. In many instances it is only a state of mind. There are many jobs that older men can do, but do not, simply because people do not think of it." . . . The late Henry Ford once remarked: "If you took all the judgment and experience of men over 50 out of the world, there would not be enough left to run it."

Program for Western Germany Will Stand Test Says Marshall

WASHINGTON, June 9 (AP)—State Secretary Marshall announced today United States acceptance of the London conference proposals for Western Germany

Marshall called the London plan a "major step" toward the solution of the problems of Germany.

It provides for a Federal Government to give Western Germany a measure of "home rule" and pledges occupying powers not to withdraw their forces except by mutual agreement. There are pledges also to prevent rearmament of Germany

Marshall told a press conference that the United States believes the "London program will stand the test of experience" and contribute substantially to economic recovery and political stability on the Continent

Although Marshall announced United States acceptance, some members of Congress are questioning whether than can be done without Congressional approval

Pact Attacked By De Gaulle

PARIS, June 8 (AP)—Gen. Charles De Gaulle today made a blistering attack on the six-power London agreement to establish a separate Western German government.

He said it would prepare "the way for Russian domination of all Germany."

De Gaulle gave a statement to newspaper men soon after the Foreign Affairs Committee of the French National Assembly approved the London accord. Committee approval was in a close 22-21 vote, and given with reservations. The French Cabinet approved it Tuesday, and it is scheduled for parliamentary consideration Friday

De Gaulle, leader of Rightist Rassemblement Du Peuple Francais, said the London agreement would create two rival Germanys: one with Frankfurt as its capital, the other, Berlin.

Described as half jinx, half imp, the jimp is the special demon of motorists He will highlight a highway safety campaign coinciding with restoration of the basic gasoline ration, expected to add some 750,000 pleasure automobiles to road traffic this month.

"The jimp is not a vicious sprite—merely plausible, scatter-brained and not always very scrupulous," says the Transport Ministry.

Resembling a goblin in appearance, with spiky hair and a large nose, jimp will be pictured in posters perching on hoods of cars about to "beat the lights" or pass on blind corners

CAMBRIDGE, Mass., June 8 (AP).—People may be able to fly like birds in 50 years, says Roger Babson.

The economist told an 1898 class reunion at Massachusetts Institute of Technology today.

"There probably will be discovered some product which insulates against gravity. This would make it possible for an individual to stand on something three feet square and a few inches thick and eliminate his weight so that he could fly personally with or without the aid of a motor."

DECATUR, Ill., June 9 (AP).—Firemen spent ten minutes chasing a fire before they put it out last night. They made it on the fourth try.

The fire was in an empty freight car on an Illinois Central train. By the time the fire engine got to an intersection where the train had been, it had moved on.

The firemen backtracked a block, sped two blocks parallel to the tracks an dashed down another side street to the railroad intersection

By the time they got there the burning car had passed that point.

They made two more similar trips before they caught up with the fire

C.C.F. Gains Blamed On High Costs

OTTAWA June 9 (CP) — Prime Minister Mackenzie King said today in a prepared statement that the C.C.F. victories in three recent by-elections reflect "the inevitable dislike felt by persons of all classes for high living costs and privations and restrictions of any kind [illegible] other countries, these restrictions "have been an inevitable consequence of war, and, in the main are due to inflation, itself among the worst of postwar evils"

In the political campaigns the Prime Minister said, "the worst aspects of the situation have been overemphasized The irritation has been heightened by the constant criticism in the House of Commons by Opposition political parties"

"The C.C.F. party has profited most by this ill-mated combination," he declared "The Progressive Conservative party, by joining in the combination, has well nigh destroyed itself. It is fortunate for all but the C.C.F. that opportunity should have been afforded, this early, of seeing these under-currents at work.

"While inflation may be bad and takes time to control, it should never be forgotten that there is one thing worse than inflation and this is depression"

Curb Credit Clinic Told

BANFF, Alta., June 9 (CP)—Present high prices of automobiles, furniture and household appliances will be brought down by buyers' resistance and the heavy tax structure, delegates attending the international credit conference predicted today

The prediction came at a credit clinic conducted under the chairmanship of J Gordon Ross, Rochester, N.Y.

C W. Friedberg, San Francisco, of the banking panel, said there had been a definite rise in the number of delinquent loans in the last four months in the United States. He said he felt this was "not too disturbing" a sign, being merely an indication of effect of prices in the changing standard of living

He advised greater precautions in extension of credit in 1948, however and urged more adequate down payments and better terms to stop excessive buying

E C. Wolfinger of Philadelphia said there has been an increase in fraud buying and bad cheques.

Despite Truce in Holy Land Jews, Arabs Maintain Stands

—Interpreting the News—

By J. M. ROBERTS, Jr
A.P. Foreign Affairs Analyst

Public expressions of elation by United Nations officials over Jewish-Arab acceptance of a truce for Palestine are quite obviously tempered by private doubts that it will be truly effective.

The complex reservations with which both sides view the truce terms, as well as the whole history of the dispute, leads to fears that any armistice will soon be denounced with charges of violations

Both sides have insisted that, truce or no truce their political positions [illegible] national state, the Arabs unalterably opposed

The fact that the territory occupied by Israel has been largely cleared of Arabs might have some effect on the negotiations, but not much

What seems likely is that the Arabs will be restrained from open warfare by international curbs such as sanctions, the Jews will continue their state of Israel under highly disturbed conditions seriously hampered by lack of economic relations with the surrounding area, and the sniping will go on just as under the British mandate.

That is unless the disturbances invite a major contest among the big powers for the Middle East, and both Jews and Arabs are submerged in a far more tragic conflict

Mr and Mrs. Donald C. Jamieson pictured following their wedding which took place last Saturday afternoon. The bride is the former Doreen Yvonne, daughter of Mr. and Mrs. H. G Southin, Cadboro Bay Road, and the groom is the son of Mr and Mrs D. Jamieson, Sraton, Alberta. Following a honeymoon in Seattle and Portland, the young couple will make their home in the Okanagan Valley.

Couple to Reside at Mesachie Lake

Spending their honeymoon on Vancouver Island are Mr. and Mrs Frederick W Grosskleg, who were married on Saturday evening, June 5, in the United Church, Duncan

Following their wedding trip the bride and groom will reside at Lake Cowichan

The bride, the former Edyth Emily Soderman, eldest daughter of Mr and Mrs. Albert Soderman of Mesachie Lake, given in marriage by her father, was radiant in her white satin brocaded gown, which featured sweetheart neckline and side-draped panniers Her full-length veil, embroidered at the corners with wedding bells and flowers, was caught to a Dutch-cap headdress She carried a bouquet of lily of the valley, tea roses and pink carnations.

Her attendants were her sister Miss June Soderman, as maid of honor, and Miss Angie Monti as bridesmaid.

The maid of honor's dress was blue with a full skirt of net, and brocaded satin bodice Her hat was a wide-brimmed crownless straw in blue with blue flowers The bridesmaid was gowned in a full-skirted net gown of pink, and she wore a similar blue hat to the maid of honor's but with pink trim of ribbon and flowers. Both carried bouquets of pink carnations.

Rev F H. Golightly of Duncan performed the ceremony, and Mr Pat Bailey of Lake Cowichan acted as best man.

During the signing of the register Mrs Albert Pluym of Mesachie Lake sang "O Promise Me." Relatives and close friends attended the wedding at Duncan, and nurses and domestic staff of the Queen Alexandra Solarium at Mill Bay attended. Miss Soderman had been a patient there for a number of years, as a child.

The party returned to Mesachie Lake where the reception was held in the Community Hall. The young couple received felicitations from some 200 guests. Mrs. Soderman and the groom's mother, Mrs. W. P Grosskleg, assisted the couple in the receiving line.

The toast to the bride and groom was proposed by Mr. C. Neibergal of Youbou.

The bride's traveling costume was a grey gabardine suit and blue topcoat. Her accessories were navy, as was her straw hat.

Out-of-town relatives at the wedding included Mrs. Kathleen Ashwin, Mr and Mrs Ivor Foll and Mr George Grosskleg, all of Vancouver, Mrs Annie Hammill, grandmother of the groom, Mrs. George Wilkinson, Miss Joyce Wilkinson, Mrs. Herbert Grosskleg and Mr Sydney Grosskleg, of Victoria, and Mr and Mrs Albert Berger, of Duncan.

Bride Is Lovely In Ice-Blue Satin

A pretty evening wedding solemnized in the Church of [illegible] June 5, united in marriage Edith Elizabeth Simpson, youngest daughter of Mr. William F Simpson and the late Mrs. Simpson of Rosetown Saskatchewan, to Antonie Van Der Torre of Rotterdam, Netherlands

The double-ring ceremony was performed by Rev. D. L. Gordon. Master Douglas McDowell was the ring bearer

Given in marriage by her uncle Mr P. Simpson, the bride looked charming in an ice blue satin gown with beaded lace yoke and lily-point sleeves The matching floor-length veil fell from a beaded Dutch headdress and she carried Easter lilies The bride's niece, Merle James, flower girl was dressed in white and carried blue iris

The bride was attended by Miss Mildred Ronson, who wore pale yellow sheer. Her matching shoulder length veil was held in place by a beaded Dutch headdress and her bouquet was made up of yellow and white gladioli.

The groom was supported by the bride's brother, Mr. S. Simpson and Mr R. Leachman and Mr. N Simpson were the ushers.

During the signing of the register Mrs Edwards sang "I'll Walk Beside You."

The reception was held at the home of Mrs. C. James, sister of the bride, who received the guests with the assistance of her aunt, Mrs. A Adamson. The bride's candle-lit table was centred by a two-tiered wedding cake. Mrs Rodgar Ronson of Brentwood proposed the toast.

For a honeymoon at Shawnigan Lake and other Up-Island points the bride wore a three-piece ensemble of pale blue with grey accessories.

The couple will make their temporary home at 6445 Fraser Avenue, Vancouver, B.C.

Pretty Wedding At St. Andrew's

On Wednesday evening at St. Andrew's Presbyterian Church, Rev. Alexander Orr solemnized the marriage of Doreen Joyce, only daughter of Mr. and Mrs A H. Hunter, 1750 Haultain Street, to Thomas Edward Douglas Ferris, eldest son of Mr. and Mrs. C R D. Ferris, 428 Battery Street.

The pretty bride was gowned in white slipper satin fashioned with net yoke and sweetheart neckline [illegible] ed over the wrists and crinoline skirt caught up to reveal ruffled lace. From a coronet ornamented with orange blossoms and seed pearls, her net veil cascaded to the floor. She wore the groom's gift, a single strand of pearls, and carried red roses showered with lily-of-the-valley. Mr. Hunter gave his daughter in marriage.

Attending the bride were Miss Georgina Heath, maid of honor, frocked in yellow taffeta with sweetheart neckline, and coronet of matching carnations in her hair, and Miss Dorothy Stout, bridesmaid, wearing a pale pink gown with brocaded satin bodice and net skirt, and a heart-shaped headdress of pink net Both carried Colonial bouquets to tone.

The best man was Mr David Hood, and the ushers were Mr Bill Pierce and Mr Bill Hunter cousin of the bride.

While the register was being signed Mr Arthur Stringer sang "Because" At the reception held in the Goblin Hall, the parents of the couple assisted in receiving the guests. The three-tiered cake topped with lily of the valley centred the table which was decorated with vases of pink and mauve sweet peas. Mr. George Heath proposed the toast. Leaving for a honeymoon in Vancouver and Seattle, the bride wore a bride's blue gabardine suit with matching topcoat, accessories in grey and a rosebud corsage

Mr. and Mrs. Ferris will make their home in Victoria.

Breathing the coolness of an English summer's dawn . . .

Somewhere there is a cottage sitting sleepily in the elm tree's shade. In its garden there are many flowers with the lovely old English names. But what you remember best are the Lavender bushes that line the path to the door, filling the garden with delight. Sparkling, joyous, youthful—true English Lavender is still the happiest fragrance for all daytime hours. And nowhere will you find finer Lavender than that which comes to you in the famous Grossmith green bottle.

Simple Supper for an Epicure

A WELL-BALANCED meal, skillfully designed and artfully executed, is one of life's better pleasures. It needn't be a great meal—not a fancy menu prepared with a lot of foreign phrases. It's more often made from the humblest kind of food. But it has proportion.

There must be a tart to offset the sweet. Something light and crisp to stand beside the richer fare. The colors should contrast pleasantly, the flavors blend, the textures have enough variety to please the palate.

Such a meal is pictured for you here. We start with beans, the truly oven-baked kind that come, ready-to-serve in a sauce of their own—a mellow sauce made of rich tomatoes seasoned skillfully with spice.

For contrast there is Boston brown bread, traditional for its affinity with beans. To offset the two there is a serving of old-fashioned mustard pickles made of cross-cut gherkins, pearl onions and cauliflower.

Beside this is a salad, prepared according to the greens in season. When available, a mixture of lettuce shreds, watercress, and sliced cucumbers or radishes is good. For dessert, serve peaches freshly cooked, canned or frozen. An apple butter topping to the peaches gives a spicy sort of finish. Make it so:

APPLE BUTTER WHIP

2 egg whites
Pinch of salt.
1 teaspoon lemon juice
½ cup apple butter.

Beat egg whites and salt with rotary egg beater until stiff enough to form a peak. Fold in lemon juice and apple butter. Pour over peaches. Serves 4.

Catholic Women Donate Sum For Flood Emergency Fund

Last meeting of the Spring season of the senior subdivision of the Catholic Women's League of Canada was held Tuesday evening in the parish hall, View Street, with Mrs. William Rogers presiding. About 30 members were present and voted a sum for the British Columbia Flood Emergency Fund. In addition, Mrs. W. G. Martin, citizenship convener, reported that members had assisted in tagging for the I.O.D.E. emergency milk fund.

Mrs. M. J. Haley, child welfare convener, reported her committee had visited foster and placement homes, and were favorably impressed with the environment of the children. Large quantities of clothing for small children were needed, and Miss Nora O'Connell was thanked for her generous contribution and sewing completed. Mrs. S. Hunter, ways and means committee convener, will be in charge of the tea room and refreshments for the annual garden party, which is being arranged for July 3, in the parish hall and grounds.

A social evening for a group of immigrants from Europe is being convened by Mrs Rogers, in conjunction with the C Y O and Victoria Junior C W.L., to welcome and assist these young women who have recently arrived in Victoria. Mrs. P. C. Shaw reported on a special meeting of the Diocesan Council of the league held in Nanaimo. Arrangements were made for school prizes and for the diocesan convention to be held in Victoria June 23 at St. Ann's Convent. A special library and book week is being sponsored by the league early in September. Scholarship requirements for the national scholarship and social service training was explained.

Remailing report was presented by Mrs. C Mulcahy; hospital visiting carried on by Mrs. Bland's committee. Mrs. T. Taylor, of Oak Bay subdivision, was a guest with special announcements of the convention program. At the conclusion of the business session, refreshments and a musical program, with Mrs. Haley, Mrs Milligan, Mrs. Brown and Mrs Morrison in charge, were presented.

W. A. Helps Veterans' Families

The regular meeting of the W.A. to the Salt Spring Island Branch of the Canadian Legion was held recently at Ganges Inn with Mrs. J. B. Acland in the chair.

The treasurer's report showed a balance of $341.27. An extract from a letter from the Lieutenant-Governor and Mrs. Banks was read thanking the organization for its share in their entertainment when on Salt Spring. A Union Jack and staff was accepted with thanks by the chair. The gift, to be used on ceremonial occasions, was received from an anonymous donor. It was decided to hold no monthly meeting in July and August and during that time permission was granted to the full committee to use W.A. funds for necessary expenses towards layettes, Veterans' Welfare Department, C.A.R.E. parcels, etc.

Mrs. W. A. Brown was appointed assistant secretary, replacing Mrs. R. G. Heard who recently left the island. Thanks are due to Mrs. George Heinekey and her helpers who convened refreshments for the recent Legion meeting and party at which a cheque for $100 was presented to the W.A. by the local Legion for C.A.R.E. parcels.

During the month, fruit was sent to a veteran in the Victoria Military Hospital, flowers to two veterans on the island, layette gifts to four veterans' wives and the sum of $50 voted towards welfare work. A resolution was passed authorizing the W.A. to sponsor the calling together of delegates of island organizations to discuss ways and means of raising funds for the victims of the floods. In connection with this work, Mrs. Cecil Springford and Mrs. George Heinekey offered their services.

The president, Mrs. Springford, Mrs. A. Francis and the standard-bearer, Miss Rosemary Loosmore, were elected as delegates to attend the annual Provincial meeting at Nanaimo on June 13.

Mrs. Johnson to Open Shawnigan Show

Mrs. Byron Johnson, wife of the Premier of British Columbia, will be at Shawnigan Lake Friday afternoon, June 11, to officially open the third annual flower show to be sponsored at Shawnigan by the local Women's Institute. Classes of flowers and handcrafts, displays of handcraft, and a stall of miscellaneous articles for sale will be featured. Tea will be served in the afternoon and in the evening a short program of musical numbers has been arranged.

Sends Sympathy To Girl Guides

Copy of letter under date of June 2, received by Mrs. Alan Morkill, M.B.E., from Dame Katharine Furse, O.B.E., R.R.C. Dame Katharine has held prominent posts in the Guide movement in England and was for ten years director of the World Bureau of the World Association of Girl Guides and Girl Scouts.

34 Sloane Court,
Chelsea, S.W. 3,

Dear Mrs. Morkill:

I feel I must try to express my sympathy for the Girl Guides on the Fraser River.

It goes to my heart to hear of the terrible tragedy which has overwhelmed the people.

We are a long way away, but that makes no difference to what we feel for those who are near.

Yours sincerely,
Katharine Furse.

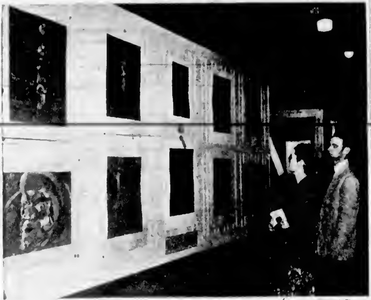
Indian Fine Arts Show Impressive



—Colonist Photo

Yesterday's visitors to Provincial Museum came to view casually usual run of plant and animal specimens but stayed to inspect outstanding collection of Indian graphic art. At bottom of panel are five tempera drawings by Judith Phyllis Morgan, brilliant pupil of George Sinclair, art instructor at Port Alberni Indian Residential School. Mrs. E. Kerr and G May, shown above, made careful inspection of exhibition, then returned to "have another look" at art works by Miss Morgan, 1947 winner of British Columbia Arts and Welfare Society scholarship.

Talented Indian Girl Artist Shows Progress in Paintings on Display

"If that picture was for sale I would buy it at once."

A Victoria resident, one of many who visited the current exhibition of Indian Arts and Crafts at the Provincial Museum yesterday, was looking at one of Judith Phyllis Morgan's paintings, and said she was "lost in admiration."

The comment was characteristic of what British Columbians have been saying about the Indian artist's work since her first exhibition last year when she won a scholarship from the British Columbia Arts and Welfare Society.

At the present showing, gallery-goers will see how the young painter has progressed, even in a year, shown by her use of new mediums, pastel for example, other than tempera.

MOST EFFECTIVE

As at previous showings, she used subjects from Indian mythology "Mask With Hands and Foliage," in sombre tones of dark green, brown and light green, is beyond all doubt her most effective piece. Here she has conveyed a mood of uncertainty and mystery.

Miss Morgan's other eight paintings on display also portray her ability to depict in striking fashion the little-known culture of native Indians, a subject utilized by more prominent artists such as Tom Fripp and Emily Carr, whose work is widely-known.

Miss Morgan is not the only artist represented at the exhibition Many talented children from the Port Alberni Indian Residential School, the Songhees School at Victoria and the Inkameep School and St. George's School, Lytton, have also offered their work.

DESIGN WORK

Ernest and Francis Baptiste, whose drawings in design work have been submitted to the Royal Drawing Society, have hung several interesting exercises Wilfred Stevenson's still life of two Indian ceremonial masks is simple and elementary, but intensely dramatic

"War Canoe Shooting the Rapids," by Russel Joseph of the Songhees School, effectively portrays the primeval struggle of the Indian against the elements

Most of the youthful painters show a fairly capable mastery of perspective and what must be a natural sense of color and balance. Although much of the work on exhibition is not fine art, it is illustrative of the talent latent in children who have a heritage well worth uncovering

Leonard Thomas, Gilbert Joe, Muriel Joe and Shirley Backy use the traditional use of symbol to depict their tribal history

Improved draftsmanship can be seen in the collection from the Inkameep School, particularly in the drawings of horses Careful penmanship backed by an intimate knowledge of animal anatomy have produced a group of drawings unusual for their line and color.

Plan Allowance For Students In Flood Area

An adjudication committee will be set up to give special consideration to students affected by Mainland floods, the Department of Education announced yesterday.

University entrance and senior matriculation examinations will be held as scheduled starting June 21, the announcement said. Every student in the flooded areas is urged to try writing the tests.

The department will recognize that because schools in some areas have been closed due to the floods students from some areas will be under a handicap. The board of examiners, with the agreement of the University of British Columbia, has decided to take special steps to see that no student is unfairly treated.

The adjudication committee will receive applications for special consideration and will base its decisions on school record and other information available in the department

All school principals in affected areas are urged to forward applications for special consideration whether or not pupils are able to write examinations.

The department emphasizes that it cannot deal with special cases unless the information is sent forward.

"Imagine! even six-week-olds can digest Libby's without upsets"

Yes, clinical tests prove that even a six-week-old baby can digest Libby's Baby Foods easily, without upsets.

The reason—because in preparing foods for your baby's inexperienced little stomach, Libby's take an important *extra* step. After straining, Libby's Baby Foods are Homogenized—rough fibres are pulverized, tough food cells are exploded open, the nourishment is released for immediate digestion. Libby's Baby Foods are actually *ten times finer in texture* than foods which are only strained.

Think what this means at the critical time when you *start* feeding fruits and vegetables! What a continued safeguard it is! No other baby food offers the added advantages of homogenization.

FREE!
Write for the free booklet, "Healthful Feeding for Your Baby". Just send your name and address to Libby's, Chatham, Ont.

ONLY Libby's BABY FOODS ARE BOTH STRAINED and HOMOGENIZED

Struck Pole, Driver Fined

George Hayhoe, Foul Bay Road, was fined $40 and had his driver's licence suspended for three months in city police court yesterday when he pleaded guilty to a dangerous driving charge.

The charge arose out of an accident on May 30 when a car driven by the accused was in collision with a telephone pole on Begbie Street.

In giving the circumstances, Constable William Andrews said he in- [illegible] search located the car of the accused on Foul Bay Road He said Hayhoe admitted driving the car

Appearing for Hayhoe, Joseph McKenna said that the pole was about two feet from the curb, and since the accident the pole has been placed on the sidewalk. He said the company owning the pole did not charge the defendant for the cost of the pole because it was rotten

Labor Groups Said Success

Forty labor-management committees are operating in British Columbia, several in Victoria, and growth of the committees in Canada is an indication of their success, according to H Ross Rutherford, executive assistant of the industrial relations branch of the Dominion Labor Department

Mr Rutherford, who visited here yesterday, said the committees were organised in wartime to speed production and promote labor-management harmony and were so successful the Government decided to continue them in peacetime

A weekly shopping and information service for today's women

MONTREAL, June 10th—Wherever three or four women gather together these days, one of them's bound to be talking about the new look! Only this time, it isn't skirt yardage, it's a magazine .. Canadian Home Journal! The June issue is simply packed with entertainment that will give you a hit *Five fiction* selections by top authors some inside information on Hollywood by that wittiest of writers, Mary Lowrey Ross . and a brave discussion by a brave man "*Girls, Please Spare Me Your Dirty Stories.*" (Fair warning your husband will insist on reading this aloud) "*Set a Woman to Catch a Woman*" —is a thrilling account of how those new women Customs Officers "get their woman". Get your copy of the June CANADIAN HOME JOURNAL from your favorite newsdealer to-day!

If Your Toddler Could Talk, he'd be chuck-full of words of praise for this silky-smooth, moisture-resistant baby powder! He'd tell you that Z.B.T. Baby Powder is the nicest yet! Made with olive oil—Z.B.T. gives his skin soothing protection from squirmy "acid moisture" ... makes him happy and comfy as can be! Write to me to-day—Barbara Brent, 1411 Crescent St., Montreal, P.Q.—for your ***Free Sample*** of Z.B.T. BABY POWDER! Then try this moisture-resistant test smooth a little of the powder on your hands, then sprinkle with water. See how Z.B.T. resists the water—protects your skin! It protects baby's sensitive skin in the same sure way .. that's why it's the truly perfect powder for him!

Is Your Family "swamped" by school exams? June is a trying time of year for school-age children . but here's a way to send them off to classes feeling ready for come-what-may! Give them a good breakfast of smoothly delicious "Cream of Wheat". Dress it up for them with added raisins or apricots as a special treat And remember—it's good for them! 5 Minute "Cream of Wheat" is fairly brimming with blood-building iron—and it provides important Calcium and Phosphorus for diets deficient in these elements. So make even "exam-time" breakfast a cheery meal for all the family with extra big servings of "CREAM OF WHEAT". It's so easy for you to prepare., such a wonderful way to start the day right!

Here's a Summer Beauty Tip that's so "just right" for June's warm days, I'd like to put this in headline type! Spray SNO-MIST, that magical new powder deodorant from head-to-toe for all-day-long summertime loveliness! Or spray it in spots ... on the feet, around the midriff and under arms! Women who've discovered Sno-Mist make it as much of a summer beauty habit as eau-de-cologne and crisp, clean cottons! And it's so safe and easy to use .. spray it on even after you've dressed, for it's not harmful to clothing! Ask your druggist to-morrow for Sno-Mist Powder Spray Deodorant—and remember, it's the one and only antiseptic deodorant with an atomizer top!

When You're Under one of these gay-coloured umbrellas—even a rainy day looks cheerful! They're made of translucent Vinylite plastic ... so light-to-carry so lovely-to-look-at you won't be able to resist them! Choose yours plain—or covered with big painted flowers . and remember, when you're choosing it that Vinylite plastics are water-proof—mildew-proof absolutely won't crack or stick. And they're strong and sturdy . . . and washable! This means your Vinylite umbrella will stay as fresh-looking as the day you bought it. Look for that important VINYLITE Plastics label when you're buying. It's your assurance, you know, of finest products tested and approved by "*The Better Fabrics Testing Bureau*"!

Carefree Confidence is a woman's birthright on every single day of the month! That's why I want to tell you about Tampax ..to give you some idea of what a *big* difference this modern monthly sanitary protection will make ... on days you probably now mark zero for swimming and sunning dates. Try Tampax ... and you can swim, tub or shower when you please! It lets you wear "next-to-nothing" playsuits .. for there'll be no bulges to show with this internal protection .. no slightest odor or chafing! Designed by a doctor for internal use, Tampax is made of pure highly compressed absorbent cotton . is dainty, simple to insert. Ask for TAMPAX at your drug or notion counter and keep "in the swim"!

Tied Up in Knots because there are so many "little" things slowing you down around the house? So many things to do and time a-flying much too swiftly? Then here's a time-saving tip to save you more minutes than you'd think possible ... it's a trick that really works! Simply make a *weekly* habit of speeding up slow, "lazy" drains with GILLETT'S DRAIN CLEANER! I've found that just two tablespoons a week in my drains do the trick keep drains clear and free from clogging sediment . keep them fast-running so sinks and basins are easy to clean up and there's no time at all wasted waiting for water to run out. Gillett's Drain Cleaner works like magic to clear even the worst-clogged drain ..., but don't wait 'til a drain is a real nuisance—or the plumber has to be called in. Buy Gillett's Drain Cleaner from your grocer now and make a *regular* habit of using it!

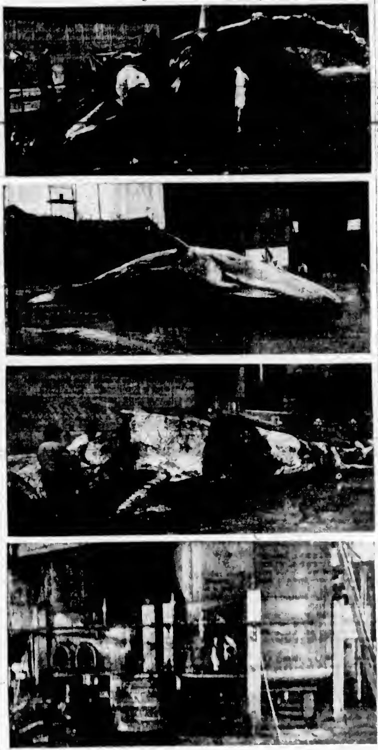
A Reader Writes: "Do tell me more ways to use that wonderful BENSON'S CORN STARCH! I've tried several of your Benson recipes and can hardly wait for more!" Well, did you know that Benson's makes fluffier more delicious meringues . makes gravies to melt in your mouth? And as for recipes ... here are three I recommend for their extra-deliciousness. *Apple Pie—Custard Sauce—Vanilla Blanc Mange* . all from *Benson's Recipe Sheet B.C.* For your ***Free Copy***, simply write to me, Barbara Brent, 1411 Crescent St., Montreal, P.Q.

What Makes a Good Summer Meal? My vote goes to salads ..., always so cool, crisp and fairly brimming over with appetite appeal when the thermometer soars And salads are *particularly* good, I find, when they're skilfully flavoured with Heinz Vinegar! Try Heinz White Vinegar for light salads and for smoother boiled dressings Use the Cider or Malt Vinegar for heartier salads You'll find they make all the difference between a salad that's just "adequate" and one that has real flavour excitement. So when you buy the best vegetables for your salads—be sure to buy HEINZ VINEGARS ... they're "salad insurance"!

Summer Mealtime for Canadian families promises to be happier than for many a moon! *This* year—praise be!—there's lots of JELL-O to help make warm-weather meals more appealing You know what cool-looking Jell-O can do for heat-weary appetites. So sparkling and colorful—so *fresh* flavored Team up your choice of those seven famous "locked-in" flavors with each fruit as it comes along Top with a fluff of whipped cream when you like. Use Jell-O as the beginning of a hundred-and-one refreshing jellied salads. Jell-O keeps the cook cool, helps the family *feel* cool—and it's so kind to the budget!

When You Consider the Skill, time and elaborate care that's put into checking and re-checking the results of consumer surveys .. I'm sure you'll agree that *this* is pretty significant. Carefully trained researchers have discovered—from folks like you and me—that 80 out of every hundred homemakers prefer KELLOGG'S to any other brand of corn flakes! That means that 4 out of every 5 of us are convinced that Kellogg's Corn Flakes take top honours! And, speaking of Kellogg's. have you seen that exciting contest they're running just now? If you haven't be sure to look for it as it closes June 12 .. and there are prizes galore—*including* ONE GRAND PRIZE of $1,000.00!

New Whaling Station Well Equipped



Photos by G. P. Clarke.

PICTURES show operations of new station of Western Whaling Corporation, Coal Harbor, on Vancouver Island. Top photo shows huge finback whale alongside reduction plant, with large barnacles on fin. Blunt-nosed sperm whale, commercially most valuable, is pictured in second photo.

Heavy chains and bulldozer are used to tear section of blubber from whales, shown in third picture. Man with long-handled knife, lower left, is known as "flenser," and most highly paid worker at station. Two large vats in bottom picture are known as "bone digesters," in which whale bone is "cooked" under steam pressure for between 12 and 17 hours. Bones are used for bonemeal.

Whaling Industry Busy On Island West Coast

Marine News

The adventurous whaling industry is once again thriving in British Columbia.

At a former R.C.A.F. base at Coal Harbor, at the head of Quatsino Sound on Vancouver Island's West Coast, the recently-formed Western Whaling Corporation has established a modern whaling station.

Whaling operations started several weeks ago, and already ten huge mammals have been brought in. The whales average about 40 to 50 tons each.

The Western Whaling Corporation is a syndicate of three large British Columbia fishing companies—and has three vessels serving as whalers. They are the James Carruthers, Nahmint and Saanich. The latter two were reconverted at Victoria Machinery Depot Co., Ltd., and number of Victoria men serve as crewmen.

G. P. Clarke, of 2548 Empire Street, who was at the Coal Harbor whaling station recently, said yesterday there are many whales in the vicinity. A large hangar of the former air base has been reconverted into a reduction plant, and a rampway connecting water with land is being used to drag whales to the plant.

Most highly paid man at the station is the "flenser," who is responsible for cutting up the mammals before reduction. This man was flown to the Island whaling base from Norway, and will remain until end of the current season.

"Not a scap of the whale is thrown away," Mr. Clarke said. "They use every part of it."

Bone is cut into sections with a power saw, placed in huge steam-pressure vats for anywhere between 12 to 17 hours, later processed, and finally sacked as bonemeal. Blubber is reduced to oil in other great tanks.

So tough are the blubber strips of the mammals, heavy chains and a bulldozer are used to tear them off.

He began in the transportation business with the Great Western Railway at Cork, Ireland, as office boy.

Ship Delayed

Arrival of the Canadian Pacific liner Empress of Canada at Montreal has been delayed by bad weather on the Atlantic, it is reported. The ship, now on her third westbound trip of the 1948 St. Lawrence season and carrying a capacity list of passengers, was expected to dock at Montreal yesterday.

Due Today

With about 100 tons of general cargo from the United Kingdom, the Donaldson Line's Ss. Lakonia is scheduled to reach Ogden Point docks this afternoon, according to R. N. B. Cumberbirch, Rithet Consolidated Ltd. shipping agent.

Under the command of Capt. J. Waddell, the vesel will leave here tonight or early tomorrow for Vancouver. The ship loaded at Liverpool and Glasgow.

June 23 has been set as her departure date for the United Kingdom with a capacity cargo and a full passenger list, including L. Burden and F. Bond, of Victoria.

ATLAS THEATRE Presenting some of the most thrilling sequences ever caught by a motion picture camera Eagle-Lion's Cinecolor production of "Red Stallion" opens today at the Atlas Theatre Leading players Robert Paige, Noreen Nash and Ted Donaldson, talented young screen veteran, contribute important and excellent performances in this story about a boy's devotion to his horse and the hours of backbreaking routine he

CAPITOL THEATRE A "crime of passion" motivates the taut plot of "High Wall" currently offering at the Capitol Theatre, with Robert Taylor giving a powerful performance as a victim of amnesia who believes he has strangled his unfaithful wife but who intends to outwit the law on a plea of temporary insanity Robert Taylor gives a ruthlessly effective portrayal of a man tortured by uncertainty of his guilt or innocence. He is given splendid aid in the performances of Audrey Totter as the woman doctor.

YORK INTERNATIONAL "My Sweet Embraceable You" would be an apt theme song for lovely Jeanne Crain and handsome Glenn Langan in some of the romantic scenes from 20th Century-Fox's Technicolor comedy drama, "Margie" which comes today to the York International Cinema In the film Jeanne plays a dual role—first as a 16-year-old high school girl, then as a mother of a 14-year-old daughter. Langan appears as a high school French teacher with whom Jeanne falls madly in love The film's poignant and hilarious story is set against the background of the frivolous twenties

DOMINION THEATRE "The Man From Texas," shooting, looting and loving his way through the Lone Star State in the days when every pioneer and adventuring hero added to the great state's epic history, is now at the Dominion Theatre. Cast in the romantic and dashing title role is James Craig, famous for his characterizations of virile, outdoor men Co-starring opposite Craig is luscious Lynn Bari, who is rated as having one of Hollywood's best figures

PLAZA THEATRE James Cagney and George Raft together on the screen spells dynamite And in Warner Bros. "Each Dawn I Die," which opens at the Plaza Theatre, the duo delivers a double portion of explosive excitement This drama rips back the curtains on political racketeering and scandal. Cagney plays the role of a hardened reporter, bent on tracking down a hot story lead

ROYAL THEATRE Robert Young and Maureen O'Hara star in "Sitting Pretty," which is now showing at the Royal Theatre Also starring is Clifton Webb who has what many believe to be the plum comedy role of the year. He is Belvedere, the mystery man whose curious background equips him for everything from changing locks to changing baby's diapers, and dancing the rhumba.

Ilsley Plans Code Changes

OTTAWA, June 8 (CP) Justice Minister Ilsley said today in the Commons that the Criminal Code may be amended to prevent the publication of crime comic books in Canada.

He said he had drafted an amendment to the code on the matter and he plans to submit to the Cabinet as soon as possible

Mr. Ilsley agreed that publication of the crime comic books was "a shocking abuse of the press"

"But I'm afraid it is legal," he added

Grub-infested cattle are a heavy annual loss to the livestock industry

Ganges Aids Flood Victims

Ganges Chapter, I.O.D.E., met on Friday afternoon at Ganges Inn with the regent, Mrs V C. Best, in the chair Correspondence read included a letter from the Salt Spring Island Chamber of Commerce written to a committee composed of representatives of the various Salt Spring organizations, proposing a sum of $5,000 be raised by local residents for the British Columbia Emergency Flood Fund A letter was also read from the Provincial Chapter I.O.D.E., soliciting contributions The chapter unanimously decided to send the donations to the former fund being raised by Salt Spring Island residents

The treasurer's report showed a balance of $133.02.

The postwar convener asked that all finished clothing comforts, etc be sent to her as soon as possible to be forwarded to provincial headquarters for victims of the flood It was reported that sufficient scraps of wool were on hand to make nine blankets. Mrs P H Newnham will be in charge of the sale of $25 worth of stamps for the Jessie R Burke Cancer Fund, the purchase of which was approved by the meeting

Mrs Douglas Wilson was received as a new member

Mrs. George St Denis was elected convener for the tea at Harbour House on Garden Day, June 18, for which cars will meet at the Shell Gas Station, Ganges, at 1 30 p.m The regent asked members to support the W A Legion stall at Mouat Bros store on June 10

The sum of $10 was voted towards the endowment fund

The meeting approved a resolution, from provincial headquarters, to ask the Government to legalise raffles and lotteries for charitable purposes

It was decided to hold no meetings in July and August, any emergency arising during that time will be dealt with by the executive The regent was elected convener for the I.O.D.E. dance to be held in the Mahon Hall August 20 Tea hostesses Mrs G H Holmes and Mrs Cecil Springford

James Bay P.-T.A. Elects Officers

The James Bay P-T.A met in the auditorium of South Park School recently with Mrs J R Simpson in the chair

The president urged that all members support the present drive for voluntary contributions for the British Columbia Flood Emergency Fund. Mrs E. McIntyre was thanked by the president for loaning her home for executive meetings during the past year, and presented with a small gift from the executive members

Mrs. J. R. Simpson, retiring president, was presented with an engraved gavel and silver ash tray and a spray of pink carnations. Mr. J. McKenzie, principal, made the presentation

Mrs. R H McInnes, well known locally and provincially for work in P-T.A. and Canadian Daughters' League, was then introduced and installed the new officers President, Mrs E E Eastwood, first vice-president, Mrs C G Scott; second vice-president Mr J McKenzie, secretary, Mrs M Aikins, treasurer Mrs G Ball, and the executive members

The James Bay P-T.A also sponsored a Mothers vs Daughters softball game, held under the convenership of Mrs G. Waring Although putting up a good fight the mothers went down to defeat with a score of 21-8

ANSWER TO YESTERDAY'S PUZZLE

Little Stories for Bedtime

By THORNTON W BURGESS

PETER AND MRS. PETER GRATEFUL TO SAMMY

Sammy Jay found Peter Rabbit dozing under his favorite bramble bush in the dear Old Brier Patch Sammy's sharp eyes twinkled and twinkled as he looked down at Peter nodding in perfect contentment. Sammy watched him a few minutes then he began to speak just as if he were talking to someone else

"Yes," said he "they certainly are fine babies. I expect their parents are very fond of them and very proud of them But they are certainly going to make a lot of trouble for some other people I know of"

Peter suddenly stopped nodding and pricked up his ears. Sammy pretended not to see him and went right on, as if talking to someone whom Peter couldn't see

"Yes, sir," he said, "some people I know will have to watch out mighty sharp for their own babies when these babies begin to grow. In fact they ought to be watching out mighty sharp right now. If they don't, they will find some of their babies missing one of these days."

By this time Peter was sitting up straight with his long ears stretched as far as they could be stretched and a worried look creeping into his eyes

"I—I beg your pardon, Sammy Jay," said he politely, "but I couldn't help hearing what you said. You see I was right down here all the time Would you mind telling me who it is with babies that are likely to make trouble for other people, and who these other people are? I don't want to seem inquisitive, but, you know, I have some babies of my own who are a great deal of care, and if they are in any more danger than usual I want to know it You don't mind my asking do you, Sammy?"

Sammy looked down and chuckled You know, he dearly loves to tease Peter, and it was so funny to see Peter so polite to him

"It's all right, Peter," said he "I meant for you to hear In fact, I was talking for you This morning I made a discovery that it seems to me that you and a few others ought to know about Reddy Fox and Mrs Reddy have some babies, and you know what that means. It means that they are going to hunt as they never have hunted before, and that other folks with babies, like you and Danny Meadow Mouse, have got to watch out as they never have watched before both to save their own skins and their babies"

Mrs. Peter had come along in time to hear this and a very much worried-looking little person she was "What did I tell you, Peter?" said she "Didn't I say that it was a sad day for the rest of us when Reddy Fox was married? There were dangers enough before, goodness knows, but I'll never have another minute of peace until our children are grown up It was very good of you to come over and warn us, Sammy Jay"

"Would you mind telling us who it is who has babies that are likely to make trouble for other people?"

"It certainly was," declared Peter "We'll never forget it"

"Oh, that's all right," replied Sammy "I thought you ought to know it as soon as possible It's nothing I'm glad to be of service to you, Peter"

Sammy spoke in a careless way, but right down in his heart he was pleased to have Peter and Mrs. Peter so grateful to him

"Where did you say Reddy's home and those babies are?" asked Peter, his curiosity getting the best of him

"I didn't say," replied Sammy, grinning, "and, what is more, I'm not going to say. They are not near enough to worry you so long as you keep your eyes open for Reddy and Mrs. Reddy. I guess it will be some time before those young Foxes will come prowling around the Old Brier Patch. Now I must warn Danny Meadow Mouse He has more to worry about than you have if you keep those youngsters of yours in the Brier Patch Good-bye and good luck"

"Good-bye and thank you ever so much. We'll never forget it!" cried Peter and little Mrs Peter together

London Market

LONDON, June 9 (CP)—Issues lost ground generally on the London Stock Exchange after the fading of early optimism that proposed cuts in aid under the Marshall plan would be restored. Industrials and tobaccos started well, but early improvements disappeared as trading volume dropped off. Oils remained fairly active, however, and there was institutional buying of British Government issues. South African golds were quiet.

Montreal Stocks

MONTREAL, June 9 (CP)—Papers continued to lead selected industrials on the upward movement in moderately active dealings on the Montreal Stock Exchange and Curb Market. Gains outnumbered losses four-to-one in fairly active mine trading. Canadian Vickers, Pfd., paced a broad industrial list with a seven-point increase at 152. In metals, Noranda moved ahead ⅛ and Consolidated Smelters. Hudson Bay Mining and Nickel rose ½ each.

Winnipeg Grain

WINNIPEG, June 9 (CP)—Winnipeg oats and barley futures turned easier in quiet trading on the Winnipeg Grain Exchange, while the nearby July future in rye was again offered down the 10-cent daily limit. Moderate selling by locals, commission houses and hedging forced values of oats and barley lower to the absence of any aggressive demand. Small Eastern buying appeared in the market early, but later support was confined to small-scale resting orders on the way down.

Chicago Grain

CHICAGO, June 9 (AP)—Mill buying gave wheat support on the Board of Trade, while corn was aided by small supplies of the cash grain in terminal markets. Oats tended to lag, selling fractionally lower most of the session. Government flour buying overnight was estimated by the trade at between 500,000 and 1,000,000 hundredweights.

The bidding

South	West	North	East
1 ♣	1 ♠ (!)	Double	Pass
6 ♣	Pass	Pass	Double
Pass		Pass	

South's second-round leap was rather optimistic, considering that his partner's double of one spade was no guarantee of anything except a long, pretty good spade suit.

West, who was probably not pleased with the result of his own psychic spade bid, opened the diamond queen. East signalled with the eight and declarer's blank ace won. It was obvious to South that the only chance to fulfill the contract was to set up dummy's spades, so he led the five and put in dummy's nine. He was not surprised to see this won by East with the queen and now, when the diamond king was returned, South ruffed and led his remaining spade directly to the ace, disdaining a second finesse. It was possible, of course, that West had the spade king with some length, but the fact that East had doubled six clubs after hearing such strong vulnerable bidding from the opponents, was evidence that East, not West, had guards in every suit. East scarcely would have doubled six clubs after North had doubled one spade, if he had had to fear solid clubs in South's hand and possibly solid spades in North's.

The declarer's shrewd analysis paid him high dividends. After winning with the spade ace, he led a third round of the suit and ruffed away East's king. Now forced to stake everything on a two-two trump break, South cashed the ace and led the jack. When both defenders followed, dummy's two good spades could be cashed, and the slam was home!

If West had not bid a spade, declarer might well have decided to take two finesses in the suit rather than adopt the plan that he did.

Dead Teeth Cause Ailments

By DR. J. E. WARREN

Men and women do not like to lose their own or natural teeth but keeping "dead" teeth in the mouth is the direct cause of a great number of ills in the body.

These teeth undermine the system so that various illnesses—anemia, tuberculosis, rheumatism, ulcer of stomach and intestine—get a real start in the body.

The fact that a rise in body temperature occurs in the afternoon with no cause that can be found, should make us remember that dead teeth may be the cause.

All Yours

TO WORRY ABOUT

Unless you shift the burden

When a relative or friend names you in his Will as executor of his estate, the time will come, (if you survive him), when everything that is his,—business, investments, debts and family problems—will be all yours—to worry about.

If you are a busy man or are not experienced in estate administration, you would find that arranging for Probate, valuing Assets, establishing Debts, paying Succession Duties, dealing with Investments, setting up Trusts, making Distributions, and attending generally to the many details of Administration, would be more than you could handle, with justice to either the estate, the heirs, or your own affairs.

Should this happen to you, the thing to do is appoint The Royal Trust Company your Agent, to administer the estate, which would relieve you of all but superficial functions as executor.

Conversely, and in consideration for the friend you might yourself appoint, be sure to name The Royal Trust Company in your own Will as executor and trustee of your estate, to act alone, or with a relative or friend as co-executor or adviser.

It often pays in many ways to have the job well done.

Publication of Import Program To Clarify British Trade Plans

LONDON, June 9 (CP)—Guessing whether the United Kingdom is going to reduce its purchases abroad may be ended shortly by publication of the import program for the last half of 1948

The Treasury, constantly worried by rising world prices, has drawn up plans which may be published about July 1 They should indicate how much money is available for foreign purchases and where the [illegible]

General feeling in Government quarters is that there will be no drastic reduction immediately although such a step might be forced if prices continue to go up.

Congressional efforts to cut the European Recovery Program Fund by some 25 per cent have been received calmly in British Government circles, which seem to feel that some or all the reduction will be restored

The tendency here is not to count too heavily on E.R.P The Government is continuing to press its all-out export drive which in May resulted in a record £130,000,000 ($520,000,000) being sold abroad.

Whatever happens, the buying program for the July to September quarter has been worked out so no reduction in imports is likely before October, if then.

Uncertainty over E.R.P. and climbing world prices, which mock Britain's export efforts, have led to widespread newspaper speculation here that the Government might pare expenses by seeking to alter its food contracts with Canada.

However, Canadian quarters here seem optimistic that such action will not be necessary

Plan Affects Fraser Valley

OTTAWA, June 9 (CP) Prime Minister Mackenzie King told the Commons today a joint financing arrangement announced last night for relief and rehabilitation in flood-stricken British Columbia applies only to the Fraser Valley area.

Replying to E. D. Fulton (P. C. Kamloops), he said other flooded areas in British Columbia still are under consideration and questions applying to them still are "open"

Defence Minister Claxton reported that another 500 army personnel are being sent into the flooded regions and said reserve army men would be released "just as soon as the situation is in hand"

He denied a "rumor" the civil servants doing relief work would have the time spent in the flood areas taken from their holidays and said he did not believe other reports that private employers had discharged those who were lending aid.

Hopes Russia Will Agree

LONDON, June 9 (AP).—Foreign Secretary Bevin told the Commons today Britain still hopes to bring Russia into the four-power agreement on the future of Germany.

Bevin said Britain has approved recommendations for a federal government in Western Germany, Western power occupation for an indefinite period, and international control of the industrial Ruhr Valley.

Child Victim In Trail Fire

TRAIL, June 9 (CP) Three-year-old Joanne Shafikofsky died here today in a fire which damaged an apartment building and a jewelry store.

The child was the daughter of Mr and Mrs. John Shaftkofsky.

Jack Rothery and "Curly" Wheatley, veteran hockey referee, ran into the burning building to give the alarm. Firemen attempted to rescue the child from the blazing attic, but were blocked by flames The body was located behind a bed

A loose connection in an extension cord on an electric fan was give as possible cause of the fire.

Police Seeking B.C. Rancher

PENTICTON, B.C., June 9 (CP)—Widespread search was under way tonight in the Okanagan Valley for Robert D Mutch, 52-year-old fruit rancher sought for questioning in the deaths of his wife and two sons

Mrs. Mutch and her sons, Robert, 18 years old, and Grant, 14, were found early today in their Kaleden Corner ranch home.

The mother and her sons were clubbed and burned from fires started in the mattresses of their beds.

A daughter, Yvonne, 20, was found in her room in critical condition

Police found an iron bar in the house, and it was believed the death-weapon

Flyers Found Safe in North

WINNIPEG, June 9 (CP) Two veteran Winnipeg flyers lost in Northern Manitoba since Sunday were found today by a Hudson's Bay Transport Company plane on Moose Lake, east of The Pas, Man.

The men are Roy Brown 51, and M. E Ashton, 54. Both officials of Central Northern Airways Ltd. Uninjured, both men were taken to Flin Flon.

Brown and Ashton were forced down on Moose Lake Sunday afternoon when their twin-engine DeHavilland plane was unable to battle heavy head winds. They spent Sunday night in a trapper's cabin and Monday night in the open on the shoreline of the lake An attempt was made to taxi across the lake yesterday but it was unsuccessful as only one motor was functioning.

Officials of the airline here report the plane undamaged.

Miner-M.P. in Battle In House Over Justice

OTTAWA, June 8 (CP)—A coal miner today took on the head of the Canadian Bar Association and a distinguished criminal lawyer in a Commons battle over the quality of Canadian justice

With entranced members egging the participants on to new heights of rhetoric, the House heard.

Clarie Gillis, the C.C.F miner-legislator who represents Cape Breton South, say bluntly that Ca- [illegible] of justice they can buy.

John T. Hackett (P.C., Stanstead), Bar Association President, tell Mr Gillis he had lost the right to sit among "honest and honorable men."

John Diefenbaker (P.C., Lake Centre), noted criminal lawyer, hark back through the centuries in defence of his profession and advise the Government to keep the judiciary out of the "cockpit of politics."

Mr Hackett, his shaggy grey thatch tossing in a storm of fury, accused the Cape Bretoner of ignorance, bitterness and falsehood.

Mr. Gillis drew down the wrath of the bar by an attack on the country's magistrate system during discussion of Justice Minister Ilsley's estimates.

ASKS NEW JURISTS

He wanted "sane and sensible" people as magistrates. No self-respecting lawyers wanted the jobs under present conditions In many cases, they went to local civic politicians with practically no law training and often little judgment.

Of the administration of justice generally, he found there was "too much manipulation."

"There is not enough honesty in it," he declared.

To a chorus of dissent from members, Mr. Gillis replied

"You can say 'No' as much as you like. When I hear a man stand up in the House, particularly a member of the legal profession, and say that everyone has his day in court in this country and that there is justice for all, I am going to make this statement without reservation:

"You are pretty much in the same position when you face the courts of this country as you are when you go out seeking medical attention. You will get as much as you are able to pay for"

Mr. Gillis went on to say that the Justice Department should confer with the provinces, which administer magistrates' courts, to see that qualified men get the jobs They should have to write examinations.

SAID IGNORANT

Mr. Hackett seized on that suggestion for his opening attack.

"I think," he said acidly "it [illegible] rule were applied to members of Parliament, because in my mind it is almost criminal that a man holding the responsibility of the honorable gentleman should speak about something concerning which his ignorance is rivalled only by his bitterness"

Mr. Diefenbaker did not go after Mr. Gillis directly but summoned up the Great British counsel of the past in a defence of the legal profession Perhaps, he said, Canadian lawyers might follow their principles more closely

However, he said the legal profession needed no defence. But the Government should take action to maintain detachment on the part of the judiciary.

It should resolve not to use them in Royal Commissions where political considerations entered.

"In doing that," said Mr Diefenbaker "we bring the judge from his elevated position of detachment down into the cockpit of party politics. Regardless of the decision that he makes, aspersions are cast on him as commissioner, which inevitably results in a disrespect for the judiciary as a whole

Political appointments to the judiciary also should be banned

Young Called Anti-Stalinist

VANCOUVER, June 9 (CP) — C.C.F spokesmen today denied allegations by A. L. Smith, Progressive Conservative member of Parliament for Calgary West, that Rodney Young, newly-elected C.C.F member for Vancouver Centre is a Communist

Mr. Smith made the charge in Ottawa last night.

C.C.F Provincial President Mrs D. G. Steeves said Mr. Young is an "Anti-Stalinist"

Colin Cameron, past president, described the Vancouver Centre member as "a strong opponent" of Communist fellow-travellers. He termed Mr Smith's charges "most ridiculous"

Salem Tops Tacoma, 8-7 Now Second

TACOMA, June 8 (AP).—Salem made it three in a row over league-leading Tacoma Tigers by defeating them 8-7 in their Western International Baseball League game here tonight.

A four-run uprising in the first of the fifth put the Oregonians in front and they never were headed.

Cal Mclrvin not only marked up his eighth victory against three losses, but the Salem pitcher had a triple and a single in four times at bat. Larry Lee, Tacoma third baseman, topped the hitting with a triple and two singles in four trips.

In the fifth inning, Umpire Jerry Mathieu ordered Manager Jack Wilson out of the game when Wilson protested a decision at second base.

Tacoma opens a four-game series with Yakima here tomorrow night.

CAPS EDGE INDIANS

VANCOUVER, June 8 (CP).—Vancouver Capilanos tonight climbed within a half-game of the fifth-place Spokane, edging out a 3-2 victory over the Indians in an 11-inning contest.

Centre Fielder Sandy Robertson rapped out a sharp single to score Carl Gunnarson with the winning run.

Gunnarson, who relieved Hunk Anderson in the 10th, started the Cap rally in the 11th with a single. Len Tran got on when Tommy Nelson muffed a hard smash to short and then Robertson produced the game-winning bingle.

The Caps collected 14 hits off Johnnie Orphal, who went the route for Spokane.

Indians' catcher Bud Sheely wielded the game's steadiest hickory, batting four for five.

FIVE C's PRACTICE

The Five C's cricket team will hold a practice tonight at Macdonald Park at 7 o'clock. All players are requested to attend.

Father and Son Prep Horses for Harness Races

Popularity of harness racing is still climbing steadily and supporters maintain that it will soon rival flat racing. In above picture, cameraman has caught some typical action as Senior and Junior Wendell Wathan are seen training two horses. On left, Wathan, Sr., is driving Virgie Hanover while 12-year-old son, who rushes home from school to help, is handling Ann Volo. Interesting feature of picture is that both horses have all four feet off ground.

Flores Blanks Rainiers, 9-0

SAN DIEGO, Calif., June 8 (AP).—Jess Flores scattered six hits to pitch San Diego Padres to a 9-0 victory over Seattle in a Pacific Coast League game tonight. Flores, who chalked up his first shutout of the season, never was in trouble and allowed only one Rainier to reach third base.

For a week, starting Monday, June 21, Victoria will be the sports centre of the Pacific Northwest. The event is the annual Pacific Northwest Golfers Association Tournament, to be held at the Victoria and Uplands Golf Clubs. Oak Bay is the host club but the women's competition will be played at Uplands.

Both courses are in excellent condition and preparations for the big event are moving ahead. If the greenkeepers can keep up with the current hot weather, the expected 200 entrants will be greeted by ideal playing conditions.

The history of the P.N.G.A. is a long and interesting one. It dates back to 1899, when the first meet was held in Tacoma and won by Tacoma golfers. G. H. Malott won the men's championship and Mrs. M. Bailey the women's. Since then the tourney has been held every year with the exception of 1942, 1943 and 1944. It is ranked as one of the top five amateur meets on the continent and always attracts an outstanding field.

This will be the eighth time that he P.N.G.A. has been played in Victoria, the last time being in 1939, when Seattle's Jack Westland won the men's title and Marion McDougall of Waverly won the women's. On two of the seven previous meets here Victoria golfers made a clean sweep of the championships. In 1901 A. H. Goldfinch and Miss Drake were winners. In 1912 R. N. Hincks and Mrs. W. H. Ricardo became champions.

In all, Victorians have won a total of 11 championships, with eight going to city fair-sex golfers. Miss Drake was the first winner, Mrs. Burton won in 1904 and Violet Pooley won the first of three championships in 1905. Starting in 1909, city women won the title four times in succession and five years out of six. Miss Pooley repeated in 1909, Miss N. Combe won in 1910 and 1911 and Mrs. Ricardo in 1912. Miss Pooley was runner-up the next year, but came back in 1914 to bring the laurels to the city for the last time.

The third men's title won by a Victorian came in 1913 when A. V. Macan was successful at Butte, Montana.

Most successful golfer in P.N.G.A. history is Mrs. V. S. Hutchings of Winnipeg and Vancouver, who took the women's championship six times. Miss McDougall was a five-time winner and Mrs. S. C. Sweeney of Vancouver, has four titles to her credit. Betty Jameson won in 1941 and Betty Rueker in 1945 and 1946.

In the men's section, R. L. MacLeay of Waverly and Harry Givan of Seattle have each won four times. Westland won in 1938, 1939 and 1940. George Von Elm was champion in 1921 and 1922, and Bud Ward captured the honors in 1941.

Last night's score—Pitzer & Nex 16, Boosters 7. Next game: Tomorrow, Navy vs. Bombers, Macdonald Park, 7 p.m.

Pitzer & Nex strengthened its hold on fourth place in the Victoria Baseball Association pennant chase last night by handing the hapless Boosters a 16-7 trimming at Macdonald Park.

The game was replete with errors and bases on balls and winners had no difficulty as they opened up with three runs in each of the first two innings.

Losers were charged with six errors and their pitchers gave up 14 walks, hit a batsman and uncorked three wild pitches. Art Worth, who had two separate stints on the mound, was the chief offender. He gave up nine free passes in addition to the wild pitches. Rosy McLellan went the distance for the Gasmen.

Bernie Clarkson and Don Hall had two hits apiece for the winners, while Marvyn Hodges picked up three of the ten hits garnered by Boosters.

Next game, tomorrow: Brentwood Aces vs. Douglas Tire, Upper Central, 6:45 p.m.

Timber Service defeated Navy, 5-3, in a Senior "A" softball game at Central Park last night to advance to within a single game of the league-leading Douglas Tire nine.

The Bluejackets were making their first start in two weeks. Several of the players had been aiding in the Fraser Valley flood evacuation but turned in creditable performances on their return to the game.

Timber Service broke a scoreless deadlock with a single run in the third inning, added two tallies in the fourth and made it 5-0 with single runs in the eighth and ninth. A three-run homer by Joe Connors in the last of the ninth accounted for the Navy markers.

Earl King went the route on the mound for the winners and was never in serious trouble. George Kinch, leading hurler last season, was the losing pitcher. Joe Travis snapped out of a slump to drive in three runs on two hits for the winners.

Sidney Roofing, Langford and Chinese Students marked up victories in the Senior "B" loop. The Roofers pushed over two runs in the top of the ninth to edge Douglas Tire, 7-6. Langford came from behind with three runs in the ninth to nip Forest Products, 6-5, and Chinese Students walloped Selkirk Lumber, 11-4.

Three walks and two errors were good for four runs in the last of the eighth as Spencers rallied to nip New Method, 16-15, in a Women's Senior "B" fixture.

Sidney Merchants downed Goblins, 6-5, in a junior girls' tilt.

Besse Leading P.C.L. Pitcher

SAN FRANCISCO, June 8 (AP).—Herman Besse of Seattle topped Pacific Coast League pitchers today with a won-lost average of .889 for eight wins against one defeat. He has struck out 27.

In the perfect figure bracket, but pitching three games or less, were Tote of Portland, Kerrigan of San Diego and Holcombe of Sacramento.

Con Dempsey, the San Francisco hurler, was right behind Besse with .833 for five wins and one loss.

Red Lynn of Los Angeles and DiBiasi of Portland led the league in strikeouts with 51 apiece.

Hogan, Snead Favorites To Cop U.S. Open Crown

LOS ANGELES, June 8 (AP).—Leading golfers took their final practice shots on Riviera Country Club's long course today and wound up preparation for the start of the United States open championship tournament tomorrow.

A field of 171 contestants is ready for the blue ribbon event—the 48th edition of the open to unreel since an oldtimer named Willie Dunn won the initial event at Yonkers, N.Y., back in 1894.

Survivors of sectional qualifying play around the country 10 days ago, the array includes former open kings, defending champion Lew Worsham, and the current favorite, a man who has captured virtually all the honors in the game but this one.

That would be Little Ben Hogan, of course.

Riviera was the setting for the last two $10,000 Los Angeles open tournaments and Hogan won each time, beating par 71 by four strokes to win the 1947 event, and humiliating it by nine blows to walk in with the second one last January.

Riviera has been toughened somewhat since that date, but not as much as had been feared. Hogan confided he thought the winner might better its regulation 72-hole figure of 284 by a stroke or so.

Probably the runner-up choice of the sideline experts was Sam Snead, who twice had the crown within his grasp and lost it. His celebrated eight strokes on the 18th hole of the 1939 at Philadelphia, blowing him out of the top spot, ranks as one of the open's most tragic tales. And just a year ago he missed an 18-inch putt on the 18th green of a playoff with Worsham which cost him a chance to throw the thing into another 18-hole struggle at St. Louis.

Rated equally or closely behind Snead were such solid contenders as Jimmy Demaret, Bobby Locke, Claude Harmon, Porky Oliver, Johnny Palmer and one or two others.

Frank Stranahan of Toledo, Canadian open titleholder and recent winner of the British amateur championship, was not included in the list of featured pairings issued by tournament officials.

Stranahan was paired with two comparative unknowns, Bill Nary of Phoenix and Eric Monti, Los Angeles.

Mixed Foursomes

A twilight, two-ball mixed foursomes competition will be played at the Uplands Golf Club today.

Draw follows:

6:06 p.m.—Mrs. E. Jackson and E. Gordon; Capt. and Mrs. Sumpston (first tee); Mrs. Dawson and G. W. Cattione; Mr. and Mrs. N. Bamford (tenth tee).

6:27 p.m.—Miss E. Ellis and G. Beeole; Mr. and Mrs. G. S. Yorley (first tee); Miss Cross and E. Niblie; Mr. and Mrs. E. Elliott (tenth tee).

Vancouver Netter In Quarter-Final

SEATTLE, June 8 (AP).—Two out-of-town juniors provided the top action as seeded players sailed through their third-day matches in the Seattle City tennis tournament.

In the best match of the day, Lorne Main of Vancouver, B.C., defeated Bill Reid, Tacoma, 7-5, 7-5. Main moved into the quarter-finals.

Heavily-favored Jim Brink of Seattle defeated Kirk Stewart, Seattle, 6-0, 5-0.

In doubles, Main teamed with Neil Ballard of Seattle to beat Art Poisle and B. Bentz, 7-6, 5-0.

Cup Finals Slated At Uplands Sunday

The final rounds of play in the Buchanan Cup competition will be played at the Uplands Golf Club on Saturday. A medal round on full handicap will also be played for all seniors on Saturday.

Matches to be played before Saturday are: Rev. F. Comley vs. C. F. Smith, A. E. Irish vs. A. Priestley or O. Goodwin, H. O. English vs. T. S. Whittemore, and A. Edmonds vs. A. Riches.

The seniors' annual dinner and presentation of prizes will follow completion of play at 5 p.m.

Cricket Schedule

Three games are scheduled in the Victoria and District Cricket League on Saturday. Incogs will play Ex-R.A.F. at the University School grounds, Oak Bay will entertain Navy at Windsor Park, and Five C's will meet Albions at Naden. All games commence at 2.30 p.m.

Two junior games will be played at the University School grounds in addition to the league match. The School's first and second teams will play Shawnigan Lake School's first and second XI's, respectively.

Postpone Graziano-Zale Bout Until Tonight Due to Weather

By JACK HAND

NEWARK, N.J., June 8 (AP).—Rain scored a one-day knockout over middleweight champ Rocky Graziano and Challenger Tony Zale today, postponing their scheduled title fight at Ruppert Stadium until tomorrow night.

Intermittent showers soaked the ball park on the Jersey Meadows throughout the day. More of the same was expected to fall during the night, but the weather man was semi-optimistic about the future. He said it would be partly cloudy tomorrow.

Promoter Andy Niederreiter held off three hours after weigh-in before he gave up to the elements.

Graziano, a bit heavier than expected at 158½ pounds, was openly disappointed at the delay. The phlegmatic Zale, who scaled 158¾, had little to say. Both fighters returned to New York, going into seclusion until tomorrow afternoon. They will not have to undergo another physical examination or weigh-in unless the scrap is postponed again until Friday.

The delay is not expected to have any appreciable effect on the odds, favoring Graziano at 5 to 11.

There was some speculation that the Rock, a nervous, highly emotional warrior from New York's Lower East Side, might be more upset by the postponement than Zale. He is keyed to a high pitch and is eager to start throwing punches in his first defence of the crown he snatched from Zale last July in Chicago.

To quiet Tony, who has been fighting professionally since 1934, this is an old thing. He knocked out Rocky in the Yankee Stadium in September of 1946 and thinks last year's loss in the steaming heat at the Chicago Stadium was a mistake.

Neiderreiter says he expects the postponement will help, not hurt, the gate.

Wightman Cup Teams Named; Play Tomorrow

LONDON, June 9 (AP).—The captains of British and United States Wightman Cup tennis teams named their duellists today.

Mrs Kay Stammers Menzies, a prewar star who now is concentrating on doubles play, captains the British side. She named Mrs. Jean Nicoll Bostock and Mrs. Betty Hilton as her principal singles players with Joy Gannon playing the odd match. They will oppose an American team composed of Mrs Margaret Osborne Dupont of Wilmington, Del., Louise Brough, Beverly Hills, Calif., Doris Hart, Miami, Fla., and Mrs Pat Canning Todd, La Jolla, Calif.

The British team is virtually the same one that was shut out, 7-0, in the renewal of the Wightman Cup classes here two years ago. Britain lost by the same score at Forest Hills, N.Y., last year.

Among them, the four American girls have a virtual monopoly on the world's major tennis titles. Mrs. Dupont won the Wimbledon singles title last year, beating Miss Hart, and Miss Brough defeated Mrs. Dupont for the American title at Forest Hills. Miss Hart and Mrs. Todd won the Wimbledon doubles title.

Play will start at 2 p.m. G.M.T. (9 a.m. C.D.T.) Friday and a half hour earlier Saturday on the No. 1 grass court at Wimbledon.

Britain has won the Wightman Cup only four times in 18 matches since the trophy was established in 1923.

OAK BAY LINE-UP

Line-up of the Oak Bay cricket team for the match against Navy on Saturday follows: A. G. Dobbie, J. Sparks, Ted Parkins, J. Gauvreau, Frank Harrison, G. Sands, J. Wright, A. O. Higgs, R. M. Ridge, J. P. Thornton, J. A. Hobday. Higgs, Jr. is listed as a spare.

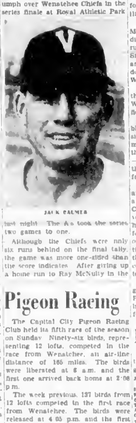
Although outhomered 4-3, Victoria Athletics snapped out of their lethargy to pound out a 13-7 triumph over Wenatchee Chiefs in the series finale at Royal Athletic Park



JACK PALMER

last night. The A's took the series two games to one.

Although the Chiefs were only six runs behind on the final tally, the game was more one-sided than the score indicates. After giving up a home run to Ray McNulty in the first inning, Frank Logue set the losers down with five scattered singles until the ninth. Entering the final frame with a 13-1 lead, the effortless righthander eased up and was promptly tagged for successive four-ply blows by Les Dalrymple and Jerry Gardner. Another home run by Chuck Cronin, a double, single, walk and an error accounted for six runs before a man was retired.

The A's began their assault on Manager Cronin, who hurled the distance for the Chiefs with a four-run splurge in the second inning. Singles by Archie Wilson, Sal Recca and Charlie Balassi, Babe Jensen's double, a base on balls and McWilliams' error produced the tallies.

Victoria added three markers in the third and took an 8-1 lead on Wilson's homer over the centre-field fence in the fourth.

Then Jack Palmer took over. He blasted a two-run homer in the sixth and lined another with two men in the eighth. His second of the game—and fourth in three days—was a terrific blow that cleared the left-field fence on the rise 360 feet from the plate.

In addition to their added power at the plate, the A's came up with a hustling performance in the field. Charlie Balassi roamed the proverbial block to gather in McNulty's hard smash down the right-field foul line and moments later repeated on Bill Wilson's fly. Palmer continued his improved play around the second-base sack and Jensen covered plenty of ground to his left to cut off several sure base hits.

Spokane Indians will open a four-game series at the Caledonia Avenue Park tonight with Jim Propst drawing the starting mound assignment for the Norbertmen.

Pigeon Racing

The Capital City Pigeon Racing Club held its fifth race of the season on Sunday. Ninety-six birds, representing 12 lofts, competed in the race from Wenatchee, an air-line distance of 165 miles. The birds were liberated at 6 a.m. and the first one arrived back home at 2:08 p.m.

The week previous, 137 birds from 12 lofts competed in the first race from Wenatchee. The birds were released at 4.05 p.m. and the first one arrived here at 8.32 p.m.

Results of the two races follow.

Giants Retain Top Spot; Kiner Clouts 15th Homer

By The Canadian Press

Chicago Cubs, a deep and distant eighth in the National League, may still have something to say about the pennant scramble.

In the throes of a seven-game losing streak and trailing 6-0 in the fifth-inning, the Cubs came to life to nip New York Giants, 6-7, in the first game of a double-header. The Giants took the second 5-1, but the split dropped them into a temporary first-place tie with St. Louis Cardinals.

The Red Birds obligingly gave the lead back to them as they took an 11-6 beating from Boston Braves in a night game to drop half a game off the race.

The third-place Pittsburgh Pirates beat Brooklyn Dodgers, 6-4, largely on the strength of a three-run homer by Ralph Kiner, his 15th of the year.

The Pirate victory was the fourth of the season for 40-year-old Rip Sewell against a single loss.

The Cards couldn't do anything with Lefty Warren Spahn until the last two frames when they managed to score four times. By that time Spahn's mates had given him a safe lead, hammering Howie Pollet to an early shower with a six-run assault in the second inning.

Rookie Curt Simmons scattered nine Cincinnati safeties to shade Ewell Blackwell 3-2 on the strength of a three-run homer by Dick Sisler.

Philadelphia Athletics slipped back into third place as they dropped a 7-4 verdict to Detroit Tigers for their seventh straight loss. George Kell hit a three-run homer for the winners, his first of the year, to give Dizzy Trout his sixth victory of the season. Nelson Potter, second of four Athletic pitchers, was charged with the defeat.

Washington Senators won their third straight and gave Early Wynn his sixth win of the year as they downed St. Louis Browns 5-2. Gil Coan's homer and triple paced the Washington attack.

✻ The ✻ Sportlight

By GRANTLAND RICE

"I understand a number of people don't believe Citation can go a mile and a half" Jimmy Jones said at Pimlico after the Calumet star had just run away with the Preakness.

"I'm afraid Citation might disappoint them. At the end of the Derby mile and a quarter and the Preakness mile and three-sixteenths he was just warming up. I'll be disappointed if he can't go longer than a mile and a-half"

They were talking about the final jewel in the triple crown, the same being Belmont's star feature. There is still a strong belief that the field will be larger than either the Derby or Preakness tests could muster. But the idea of beating Citation at any distance is now fading out

"They said after eight races he was over the hill," Jimmy Jones said. "Even on a tough, rough, uncertain track at Pimlico he won galloping. This time he'll have about a month off before the Belmont—if we decide to rest him that long But Citation can handle plenty of work That's what makes him so useful."

CALUMET DOMINATES

The Calumet surf is beginning to spread over the countryside. In addition to Citation and Coaltown, both Faultless and Fervent are looking for further victims. Armed is coming along. Free America is waiting for an early call, also Bewitch and Whirl Some.

"How about your two-year-olds?" I asked Jimmy.

"We ought to have some good ones," he said "We've been so busy with the older horses we haven't given too much time to the kids. But we'll take the cover off a few at Belmont, or maybe to Chicago. Any Citations or Coaltowns? I wouldn't know about that. But we have a few we like, a few who can run.

Faultless, Fervent Armed, Citation, Coaltown, Free America and a flock of two-year-olds—you can almost hear the thunder of the Calumet surf as it breaks East and West.

Who is going to stop this tidal wave? Maybe Horatio Luro and his South American runners Luro is one of the ablest of all trainers, and he has Talon and Rico Monte, plus a few others who can go the route There doesn't seem to be any North American-bred horse around that can annoy Calumet Luro has the best chance to toss in a monkey wrench at some distance races. But there seems that nothing can prevent Calumet from passing the $1,400,000 mark for 1947.

THE TROTTING BOOM

The 1949 opening of the Roosevelt Raceway on Long Island recalled the record boom which harness horse racing has picked up in the last two or three years. It has a rocket-like touch — except that it doesn't come down It keeps climbing

This season, the Roosevelt Raceway will put up more than a million dollars in purses for a rich target For one thing there will be a $40,000 two-mile trot and a $40,000 two-mile pace.

With these and other large purses, Westbury is all littered up with trotters and pacers, including Demon Hanover, the Winter and Spring book favorite for the Hambletonian Chestertown, Victory Song, Hoot Mon and too many others to mention are also assembling, and ready to go

Harness horse racing has set up a new track between Baltimore and Washington that will be completed shortly.

It might also be mentioned that Santa Anita's show has been one of the new major spreads in sport A million dollar mutuel turnover is nothing new and crowds from 20,000 to 30,000 are not exceptional.

LONG SEASON

There is one thing you can't keep from admiring on the part of these trotting folk They open on Long Island, May 21 and they will still be hanging around on October 16 in the hope of beating the first frost by at least a day or two.

New York racing fills in more dates but it takes four tracks to handle the business—Jamaica, Belmont, Aqueduct and Saratoga The Roosevelt Raceway takes up a big part of five months

Buck O'Neil, the active purveyor of news and gossip concerning the harness horse game, says that 1948 will be the greatest year the sulky has ever known—that it will set records in every department, including the tax to be delivered to the state.

Ready to Resume Davis Cup Games

LONDON, June 8 (AP).—Britain, Hungary, Italy and Czecho-Slovakia are favored to survive quarter-final tests this week in the European zone Davis Cup tennis eliminations.

But only the Czechs, who won the zone title last year and the ticket to carry their challenge against the North American zone survivor, look like a sure thing.

Foes of the other favorites hold good chances of upsets to this schedule of quarter-final matches:

Great Britain vs The Netherlands at Edgbaston, England, June 10-12

Hungary vs Sweden at Budapest, June 11-12

Czecho-Slovakia vs. Belgium at Prague, June 11-13

Italy vs Denmark at Turin, June 12-14

Britain is enjoying her most successful Davis Cup bid since competition was resumed after the war Curley-haired Tony Mottram swings the main weapon, on the team, playing both singles and doubles

Miss E. Macqueen To Head Council

Miss E. Macqueen has been elected president of the Girls' Sports Council of Greater Victoria Schools. Miss T Worthington was named vice-president and Miss D Bruce secretary-treasurer

Retiring President Sheila Stanley reviewed the past year and thanked the members for their co-operation and assistance in making the inaugural year so successful. Interschool leagues in basketball, softball and grass hockey were held and the girls competed in a joint track and field meet with the boys.

Richards Hurt In Attempt To End Streak

BRIGHTON, England, June 9 (AP).—Champion Jockey Gordon Richards cracked two ribs in a fall today while making a desperate bid to end a 28-race losing streak.

His mount, Austere, folded up three furlongs from the finish of a mile race. Austere was bunched with half a dozen other horses in a position to challenge the pacemaker, Heliograph.

The 40-year-old champion, who had ridden 74 winners this season until he fell out of luck June 1, was pitched under the hooves of the field.

Two other jockeys were unseated and one horse killed in the following scramble.

Sam Wragg, who was in the scramble along with Tom Sidebotham, said he believed Austere crossed his legs. Neither Wragg nor Sidebotham was hurt.

The accident cost Richards a chance to end his losing streak, a rare run for him He was scheduled to ride Neolanta to the last race and she won.

Richards has ridden more winners in his lifetime than any other jockey—3,544 He is far out in front this year for national honors.

P.C.L. Attendance Down From 1947; Seattle in Front

LOS ANGELES, June 8 (AP).—Pacific Coast Baseball League attendance is lagging behind last year's record turnout.

For the first ten weeks of the current campaign, paid admissions totaled 1,415,367, League President Clarence Rowland announced last night. The total represented a drop of 162,906 over the corresponding 1947 period.

Rowland attributed the drop to 36 postponements because of bad weather.

Seattle leads at the turnstiles this year, with 233,900 paid admissions. It is the only club to exceed its 1947 pace of 179,353.

Last year's record total was 4,069,432.

Traffic Toll Mounts in B.C.

Damage toll from automobile accidents continues to mount in British Columbia.

Figures released yesterday by the motor vehicle branch showed damage from accidents during January of this year totaled $220,236, a 43 per cent increase over the same month in 1947 During the same month this year, vehicle registrations numbered 178,992, an increase of only 18.7 per cent.

Deaths during January totaled 11, an increase of one over 1947 Injuries numbered 330, an increase of 25.5 per cent and the number of accidents during the month was 1,337, a jump of 28.8 per cent over January, 1947.

Great *Skill* builds great tires!

More than 30 percent of the men whose skill puts safety and long wear into Gutta Percha tires have practiced the tire building art for Gutta Percha for more than a quarter of a century. These men build quality into a tire because they build from experience. Their skills make great tires . . . and great tires mean great mileage for you when you buy Gutta Percha tires.
● Curing tires demands split second timing and teamwork. This is the human element in tire curing that makes the difference between ordinary tires and Gutta Percha tire performance.

5 IN MEMORIAM

SCOTT—In loving memory of my darling husband, William James Scott, who fell asleep June 10, 1946.

Loving memories are the lamp
That light the darkest road
To the beautiful land of reunion
When we meet at the end of the road.

—Sadly missed by his wife, Nellie Scott, and his sister, Mrs. M. L. [illegible].

KIM—In loving memory of our dear son Robie Kim, who passed away June 14, 1944.

Our lips cannot tell how much we miss him,
Our hearts cannot tell what to say;
God alone knows how we miss him,
In hearts that are lonely today.

—Remembered by Mom, Dad and sisters Amie, Jean and Janet.

The Hobble Skirt Is on Way Back

NEW YORK, June 5 (AP).—You might as well face it—the hobble skirt will be back on the American scene this Fall.

Advance previews of Fall fashions show that the much-beleaguered "new look" has undergone a drastic change. Instead of full, flowing skirts and padded hiplines, designers are going for the straight, tight skirt, slightly longer than Spring styles, and slit to the knee.

Among the first to open her Fall line was Jennifer, the diminutive Viennese designer. She shows what she calls the Whistle Silhouette"—featuring a skin-tight skirt reaching almost to the ankles, with a buttoned slit in the centre back. The slit is necessary for walking.

Jennifer advocates the 10-inch skirt length for street wear, although some models shown at her opening were considerably longer.

She also features rounded, natural shoulders, sometimes puts a whisk of fullness at the back of a skirt, undetected from the front.

Philip Mangone, one of the pacemakers in the tailored suit and coat field, predicts:

"There are going to be all kinds of silhouettes this Fall, none too extreme. Women are going to wear what they want to, anyway, and they will have a choice."

Skirts definitely will be longer, however, says Mangone—"because they are more becoming that way." He predicted the most popular [illegible]

For Brides-Elect

Miss Muriel Pearce, a June bride-elect, was honored at a surprise miscellaneous shower on Thursday evening given by Miss Bessie Griffin at her home, 2745 Fifth Street. The guest of honor, her mother Mrs. L. Pearce, and the mother of the groom-elect, Mrs. D. Wells, received corsages. The gifts were concealed beneath an umbrella decorated in blue and white. Invited guests were Mrs. G. King, Mrs. A. Turner, Mrs. A. Griffin, Mrs. A. Peck and Misses Peggy and Isabel Pearce, Kay Smith, Pat Sylvester, Marjorie Gillis, Francis Brown, May Johnson, Marie McDonald, Nellie Hume, May Rodgers, Adine Assman and Lorraine Wells.

Mrs. Dorothy Shambrook, June bride-elect, was honored at a miscellaneous shower given by her aunt, Mrs. William Shambrook, Mrs. L. Davies, Mrs. R. Shambrook, and her cousin, Mrs. Rose Stewart, at the home of her aunt on Old Otter Point Road. The bride-elect was presented with a corsage and many lovely gifts were contained in a decorated wagon wheeled into the room by her little sister, Edith. Games were played and a buffet supper was served. Invited guests were Mrs. Hazel Bell, Mrs. Walter Dodds, Mrs. A. Martin, Mrs. Bert Shambrook, Miss Wells, Mrs. Howard Davies of Vancouver, Mrs. A. Shambrook, Edith Shambrook, Mrs. Brown and Miss Viola Vowels of Sooke.

Miss Charlotte Mitchell, who is to be married early this month, was guest of honor at a surprise kitchen shower at the home of Mrs. H. Schonagen, 2829 Fifth Street, recently. Gifts were presented to Miss Mitchell in a dainty pink and white container. Guests included Mrs. A. Roberge, Mrs. K. Malcolm and Marjory of Juneau, Alaska, Mrs. B. Craig, Mrs. E. Teal, Mrs. B. Robinson, Mrs. W. Baker, and Mrs. G. Peterson and Miss Mabel Ings of Winnipeg.

PERRY, N.Y., (UP). — Ernest Sylvester, while doing Spring ploughing, unearthed a pocketbook he had lost a year ago. Its contents included a $10 bill.

Detailed Adjudication Given Three Plays

A gay, colorful Mexican folk-play, "The Red Velvet Goat," by Josephine Niggli; a psychological play, "Confessional," by Percival Wilde, and the charming comedy by Sir James Barrie, "Rosalind," were given a detailed and most interesting adjudication by Miss Dorothy Somerset, at the third session of the Victoria Drama Festival last evening at the Victoria High School.

Presented by the North Saanich High School and directed by Miss K. M. Baker, "The Red Velvet Goat" was termed by Miss Somerset an excellent choice. Particularly in the "play within the play" she commended the pace and timing. "They were not actors and actresses speaking lines, but really human beings, alive and vital," said the adjudicator.

The set was effective, and the use of the forestage to give acting depth, and draw the audience into the frame-work of the play, was admirable. Chief weakness lay in a monotony of voice level, and too light a make-up for Mexicans. Jack Christian as Ramon the prompter was particularly good and con-was particularly good and was contomime

"Confessional," presented by the Lantzville Players directed by Mr. F. S. Dyke, with Miss Clarince Sheppard as stage manager, was especially commended for the intelligent approach to its psychological problem. It was felt that this group really understood what they were doing and why they were doing it. It was pointed out that in a play of this type, there should be no "fussiness" of set or furniture to prevent close attention being paid to the emotional interplay between the characters, as the plot depends upon this reaction almost [illegible]

Rob Donnachie as John, the son of the house was natural, had a good voice and built up to his climax very well.

In "Rosalind," Sylvia Chandley as Dame Quickly, the lodging housekeeper did a good piece of character acting. Eleanor Hewitt, who directed the play, was convincing as "Rosalind" the aging actress. She got the transition of mood and tempo in the final scene particularly well. She had a bubbling sense of humor, and a lightness of touch which was most pleasing. Leonard McCann as Charles the infatuated young swain was charming in his love scene, had a good voice and used his hands and body to portray inner emotion.

During intermissions Mrs. Mirium Bartlett played piano selections, and Mr. H. S. Hurn introduced the adjudicator. The festival continues tonight, with the opening curtain at eight o'clock.

Given Award By Belgium

L. J. Eekman, 40 Wellington Avenue, has been created a Knight of the Order of Leopold II "in recognition of his valuable services" rendered Belgian citizens in Victoria during the World War, Robert D. Harvey, honorary consul for Belgium, stated last night.

In June, 1940, Mr. Eekman took over the duties of acting consul for Belgium and carried on until Mr. Harvey's return from war service.

"I am informed that the decoration was awarded by the Belgian Government on the nomination of the Prince Regent, following his recent visit to Canada," explained Mr. Harvey.

Political Battle

ROME, June 8 (Reuters).—Three deputies were injured in a free-for-all between Christian Democrats and Communists in the Italian Chamber of Deputies tonight. At least 200 members were involved.

Bankers of Washington Open Convention Today

"Very few United States tourists coming across the border to spend their holidays in Canada are converting their American funds to Canadian dollars before leaving the country," Walter J. Ward, vice-president of the Washington Mutual Savings Bank, declared last night. "I think the majority of the United States tourists prefer to bring their American dollars with them to help [illegible] change problems."

Mr. Ward arrived in Victoria yester to attend the 52nd annual convention of the Washington Bankers Association being held in the city June 10 and 11. More than 250 Washington state bank officials and their wives have registered at the Empress Hotel to participate in the convention.

"We know it is ardently desired by both countries that there be a dollar exchange parity," commented Ira M. Camp, president of the association. Mr. Camp said banks in the United States were being beset by inflationary tendencies, "but bankers are doing what they can to curb the competition in the buying of goods which are in short suppl."

"United States bankers are going to stop the extremes of business to prevent either inflation or a recession," said Leslie A. Stone, an official of the Orting Savings Bank of Orting Wash. "Realizing what might be ahead, bankers have acted as a stabilizing influence."

Reno Odlin, president of the Puget Sound National Bank of Tacoma pointed out one of the differences existing in the Canadian and American banking structures.

"Our banks are much less unified in structure than yours," he said. "Whereas we have some 900 different banks operating in the State of Washington alone, you have only about a dozen banks operating throughout the whole of Canada."

Andrew Miller, secretary of the association, said his organization had not met in Victoria since 1923.

"Remembering the friendliness and hospitality shown them at that time by the city of Victoria, many of our members have been asking for a return visit for the past several years," he said.

Mr. Miller said the convention's two-day program in Victoria would include addresses by Dr. F. Cyril James, principal of McGill University, Montreal, Dr. George E. Taylor, director of the Far Eastern Institute of the University of Washington, Seattle, Howard T. Mitchell, president of Vancouver's Board of Trade, and W. A. Iliff, loan director of the International Bank for Reconstruction and Development, Washington, D.C.

Licences Needed For Beach Fires

Before planning a beach fire in Oak Bay, residents are reminded by Fire Chief E. G. Clayards that they must secure a permit from the fire department.

The chief said that permits will be issued to persons who will see that the fire is properly extinguished with water before leaving. Beach fires should not be covered with sand or left to burn themselves out, he said.

Chief Clayards said there have been too many cases of children burning their feet because thoughtless persons have failed to extinguish their fires.

Floods Delay Goods Export

—Lumber and general merchandise from Victoria and other parts of the Island is piling up in Canadian National Railway sheds here, awaiting export because of transportation delays caused by Mainland floods.

A C.N.R. official in Victoria said freight shipments to Eastern Canada may be delayed a month.

Railway lines will have to be repaired before freight starts moving in large quantities again in any direction, he said.

Practically all transportation companies including many moving firms, are having the same trouble.

Found in Rooming-House Closet L. E. Kirk Committed for Trial

Lorrace E. Kirk, charged with unlawfully being in a dwelling house at night, was committed for trial after a preliminary hearing in city police court yesterday.

Olga Bugyre, occupant of a room at 111 Cambridge Street, testified that she returned home about 4 a.m. on May 30 and found the drawers in her room ransacked. She said she knew Kirk through business associations and always considered him to be of upright character.

Detective Feron Woodburn told the court of being called to the room and searching the premises. He said Detective Norman Bath found Kirk in a clothes closet in the room. Detective Woodburn said Kirk said he had gone to the room to talk to Miss Bugyra.

Mildred Troutman, who occupied a room next to Miss Bugyra's, said she heard footsteps on the front porch about 2.45 a.m. She said she saw the accused going down the steps of the house. He walked to a car owned by one of her tenants and tried to get into it, she said. She related that he then went to his own truck and took out a ladder.

When Kirk came past her window, she said she asked him what he was doing. He replied that he was just going next door, she testified. She said she then heard him opening drawers and suitcases in the next room, at which time she awakened Archie Abbott, another roomer, who, she said, called police.

W. Barkely Monteith, appearing for the accused, asked Miss Bugyra how she found Kirk to deal with in business. She said she had found him very satisfactory. She said Kirk had a contract with the firm she worked for to carry parcels. She said he had moved her luggage to the Cambridge Street address a few days before.

CHINESE DOLLARS UP

SHANGHAI, June 9 (Reuters).—The black market rate of the Chinese dollar in United States funds today soared from 145,000 to $1 to 1,600,000 to $1. Semi-official reports of imminent currency reform in China were blamed.

Meeting Studies Air Auxiliary

As a result of recent publicity in connection with the proposed Air Force Auxiliary Squadron for Victoria and in response to individual requests from former members of the R.C.A.F., a joint meeting of the executives of the Ad Astra Branch, Canadian Legion, and the Air Force Officers Association was held last night.

Purpose of the meeting, according to F. J. Kennelly who presided over the meeting, was to discuss ways and means of developing and consolidating the interest already shown so that Air Force Headquarters might have a better knowledge of the potentialities and public interest in Victoria.

Mr. Kennelly said it is proposed to hold a public meeting of all parties interested in the formation of an Auxiliary Squadron in the near future. He said details of the forthcoming meeting would be announced at a later date.

Many B.C. Roads Closed By Damage From Floods

Summary of road conditions in the Province issued by the British Columbia Travel Bureau yesterday showed many roads closed because of flood damage.

The report said, however, that the only sections of main roads affected by flood conditions which may not be detoured are the Trans-Canada Highway between Hope and Spence's Bridge and the Northern trans-provincial highway between Terrace and Kwinitsa.

The road report follows.

Northern trans-provincial highway—open, Prince George to Terrace; closed, Terrace to Kwinitsa. Open, Kwinitsa to Prince Rupert.

Southern trans-provincial highway—Castlegar ferry trip suspended. Detour via Trail-Salmo to Nelson. Gray Creek - Creston, main road closed; detour over upper highway.

Trans-Canada Highway No. 1.—Open Vancouver to Vedder Canal. Closed Vedder Canal to Sardis Road. Traffic can travel over Municipal Vedder Mountain Road. Open Sardis Road to Hope. Closed Hope to Spence's Bridge. The Big Bend highway is reported closed because of high water.

Slocan-Arrow Lakes highway—Open Nelson to Nakusp. Closed Nakusp to Needles.

Vancouver-Agassiz (No 7).—Open Vancouver to Mission. Closed Mission eastward. Mission-Abbotsford bridge closed temporarily. Agassiz-Rosedale ferry temporarily suspended.

At Vancouver yesterday Canadian National Railways continued daily runs from the East to Hope and a bus shuttle service to Vancouver. The C.N.R.'s north line was still operating between Prince Rupert and Kwinitsa and Kitwanga, Prince George and Jasper.

Western terminus for Canadian Pacific lines was Haig, near Hope, which was the terminus for the Kettle Valley line.

Extension of transcontinental lines will depend on the action of flood waters, said officials of the two railway systems.

Throughout the province yesterday the Canadian Red Cross was appealing for volunteers for general duty in the flood areas. With the waters still short of their peak, Red Cross officials stated that hundreds of workers would be needed immediately to assist the thousands already at work.

In Victoria 200 volunteers are wanted today. Persons willing to assist should report to the headquarters of the Victoria Branch, Red Cross, 602 Broughton Street.

Tomorrow's Bedroom Today

The "New Functional" bedroom furniture as shown in the above picture is introduced and featured by Humber's Furniture Warehouse, in the "Demonstration Home" at 976 McKenzie Avenue. This new idea enables the housewife to arrange the individual pieces to give her the maximum drawer space, and in this particular picture 13 spacious drawers are available. The finish is exciting, too, "Limed Oak" which seems to make the smaller bedroom larger, as well as harmonizing better with her other things. This "New Functional" looks much more expensive than it is, in fact, is now within the reach of the average purse. Drive out tonight, in the cool of the evening, and see this furniture on display in its smart, modern setting. There's a free drawing for the beautiful 5-way Trilite as you enter the "Demonstration Home." Drive out Quadra (just past the railroad tracks—turn left, you'll see the signs.)

CHAPTER XII—Continued

"I'm going down to get you some tea," Page said. "He ought to be here now, he may be changing his clothes in his room. I'll stop there on my way down. And Flora, you might ask Mrs. Prendergast if we may wait about telephoning for the car until Rand gets here."

Flora fluttered away, and Page spoke apologetically to the guest.

"Mrs. Prendergast is old, you know, and—she's—odd. We all see that. She gets these violent ideas, sometimes, and we hardly know how to manage her."

"I've a good mind to walk straight into my sister's room," the other woman said, half under her breath.

But Page knew that she did not mean it. Anyone who knew Mrs. Prendergast must know that she was formidable when angry, and certainly her own sister, especially such a frail, elderly sister, would not willingly take the risk of rousing her. Page was not surprised to see Mrs. Roy settle back in the deep chair, her threat already forgotten. Page ran down to the kitchen, and busied herself with a tray—cream, lemon, lady-fingers, buttered fresh brown bread toast.

She was carrying it upstairs when she met Rand.

"Oh Rand, there's h-e-l-l to pay!" the girl laughed, surrendering the tray and lighting lights as they went along.

"What's she having tea for?"

"It's not for her. Mrs. Roy is here!"

"Who?"

"You know. The sister who married the swami—Mrs. Prendergast's sister!"

"Where is she?" Rand asked.

"In my room. I didn't know what to do with her. Mrs. Prendergast was frantic! She says she won't see her, and I don't believe she'll change her mind."

"They haven't seen each other, then?"

"Oh, no. And Mrs. Roy is wild. She thinks we're all working on Mrs. Prendergast for her money and for the diamond," Page explained, with a laugh.

"She doesn't know that the big diamond's missing?"

"Oh, no! But Mrs. Roy wants to see you, Rand."

"I'll see her at once, of course," he said quickly. Page felt relieved. Rand would settle everything! "Wait a minute. I'll join you—you carry this in," he added, at Page's bedroom door. "Tell her I'm coming at once."

CHAPTER XIII

Page carried in the tea. Flora had returned with the report that Mrs. Prendergast had settled down nicely for the night, and her head was better, she sent her love to her sister and would write her some day for a meeting. And the car would come for Mrs. Roy just as soon as the men could get over.

Rand, who had gone back to his room for something, came in and was introduced, and Page saw with satisfaction that he made an instant impression upon their elegant visitor.

"I wish, doctor," Mrs. Roy said, "that you would go in and ask her if I may have just one word with her—nor argument, not reproaches! She is my only sister. Surely she has no reason for not just letting me kiss her and say 'God bless you!'"

"Oh, Rand, I think she might!" Page put in eagerly, touched by this speech.

"I don't know," he said. "I might go to and talk to her."

Rand went away and Mrs. Roy said, "He seems very nice."

"Oh, he's a darling, Rand," Page said with a laugh. "We all take his orders!"

"Who else is here? Has she another nurse?"

"No; she doesn't need another. There are the three of us, and Lynn."

"Lynn who?" the visitor asked, with a sharp interest that rather surprised Page.

"Lynn—what's his last name, Flora? I asked him once and he said Edward—Edwards, I suppose, but he said Edward."

"Edward Lynn!" Fanny Roy exclaimed. "It's one of the Lynns. My sister's first husband was Edward Lynn."

"I didn't know Mrs. Prendergast had been married twice," Page said, amazed. Lynn was a relative, then!

"Oh, yes, she was Mrs. Edward Lynn when she met Rutger Prendergast," Fanny said. "They fell madly in love with each other, she and Prendergast, and Ned Lynn let her get her divorce. This was—or, dear, Min's older than I am—this was almost fifty years ago. I was about fourteen. Minnie was eleven years older. She married at eighteen—she was very beautiful. She had a child before she was twenty.

Hard-Pressed Dentists of Victoria Would Welcome Help of Flourine

Victoria dentists are not afraid of putting themselves out of business. Furthermore, they would be very glad to decrease their trade.

Dr. Arthur Webster, president of Victoria Dental Association, said yesterday that dentists will rejoice if science proves fluorine-treated water capable of cutting tooth decay in half.

He was questioned by The Colonist following publication of an article about fluorinated water by Dr. Harry Klein of U.S. Public Health Service. Writing in the Journal of the American Dental Association recently, Dr. Klein said that three New Jersey towns whose water contained natural supplies of fluorine reported startling reductions in dental decay.

Surveys showed that five-year-old children in the three centres had about 85 per cent less tooth decay than children of the same age in neighboring towns. At 12 years old, the dental decay rate was 50 per cent less.

"We certainly hope they can develop a method of preserving children's teeth," said Dr. Webster. "Children's dentistry is one of our biggest headaches at present."

Victoria's population has increased 50 per cent, while the number of dentists has remained about the same, he observed. Appointment books are crowded.

DON'T EXPERIMENT

"Adding fluorine to city water is not being considered at present," said Dr. J. L. Clayton, city medical health officer. "It's still in the experimental stage."

Don't experiment with fluorine privately, doctors warned curious citizens. Anyone who tries experiments is likely to mix himself a poison cocktail, because fluorine is toxic in anything more than microscopic quantities.

"The dentists would be all for it, once it was proven," said Dr. J. Dimery Johnson, past president of the Dental Association.

"We have no fear it would put us out of business," he said in answer to a question. "It would take many years to repair the harm that has already been done."

Committee Plans Summer of Fun For Many Youngsters in Oak Bay

Children from three to 12 years of age will be able to find fun galore again this Summer at Willows Beach Park and Windsor Park when the Oak Bay Playground Committee program gets under way July 5.

Under the chairmanship of Eric Graville-Jones, the committee held its annual meeting last night to discuss plans for the season. Parents [illegible] at the Summer playgrounds were present.

Mrs. H. A. Beckwith, committee secretary, said the 1948 program would stress special activities to interest every age group of children.

"No child will be left out of things to get into mischief," she said.

Besides sports including tumbling, boxing and ping-pong, children will be able to learn clay-modelling, figure painting and woodworking, or just sit and listen to one of the [illegible]

MUCH DIFFERENT

Children will find life on the playgrounds much different than life in a classroom at school, Mrs. Beckwith said. Last year they could enter a sand-castle contest, visit a fire hall or police station, or organize their own sports tournaments.

A program of equal enjoyment is in store for youngsters this year, according to playground officials.

"The playground program was started as a wartime project in 1942 by the Parent-Teacher Associations of Willows and Monterey Schools and other community groups," said Mrs. Beckwith. "It was an attempt to provide healthful Summer recreation for children in the district. Since then, the idea has grown in popularity but there is still room for more parent-participation."

Mrs. Beckwith said the playground committee had received a grant of $800 from the Oak Bay Council and is looking forward to further donations from the two Parent-Teacher Associations. If the budget permits, the committee intends to operate for five weeks this year instead of its usual four.

Registration of children for the Willow Beach playground will take place at Willows School Thursday, June 24, from 2 30 to 4 p.m., and at Monterey School for Windsor Park on Friday, June 25, in the same hours. Parents are asked to accompany their children at the time of registration.

Supervisors at Willow Beach Park this Summer are Evelyn Usher, Joan Challoner and Mrs. L. U. Clark. At Windsor Park the supervisors will be Mrs. W. E. Cockell and Diana Jackson.

"In addition we need volunteers at both parks to help coach the games and assist in other activities," said Mrs. Beckwith.

Well-Known Musicians To Visit City

Three names well known in Canadian music circles will visit Victoria during the next few weeks.

Included in the group will be the distinguished organist and teacher, John J. Weatherseed, who established the first boys' choir in Winnipeg at St. Luke's Church. He will arrive Saturday to start examination of candidates for the Royal Conservatory of Music examinations.

Among the pianists will be Alberto Guerrero, whose professional career began in Santiago and continued in New York where he quickly rose to the front rank of concert pianists. Especially noted for his interpretation of Bach and modern works, he will arrive June 18.

The well-known examiner and adjudicator in speech, arts and drama, Florence Aymong, will begin her examination of local candidates June 21.

The Victoria representative of the conservatory is Mrs. Gertrude Bates, 1555 Gladstone Avenue.

LARGE PARKSVILLE COMMUNITY HALL TAKES SHAPE

Photograph shows 24 by 115-foot addition being made to Community Hall at Parksville. Second addition will extend from front entrance. Additions will contain kitchen, dining-room, dressing rooms and ticket office. Main hall measures 60 by 90 feet. Building was formerly drill hall at Camp Nanaimo, and was brought to Parksville in sections. Volunteers working on hall hope to have it completed by July 1.

Continued Dry Weather Creates Forest Hazard

Hot weather which brought disaster in the form of floods to most of British Columbia is also causing the fire hazard to soar in forests, officials of the B.C. Forest Service said yesterday.

Vancouver Island and the Lower Mainland are reported to be rapidly drying out. Weather during the past week has been more like Midsummer than June, officials said and the usual moistening of the forests at night has been virtually non-existant.

Warnings were issued to travelers and logging operators to exercise the greatest care.

No forest closures have yet been enforced, but some are likely if hot weather continues.

General forecast for the Province is for more hot dry weather.

Forecasts of thunderstorm in the Kootenay district are causing forest officials some concern.

Pumps were flown from Vancouver Tuesday to a fire on logging operations of Gibson Brothers near Zeballos on the West Coast of Vancouver Island. The fire was reported under control yesterday.

Four small spot fires were extinguished along the P.G.E. Railway this week, and another small one was subdued at Horne Lake.

Nanaimo Coal Trestle Down

NANAIMO, June 8 (CP)—Twenty-seven-year-old trestling over which millions of tons of Nanaimo coal have been hauled by train to Canadian Collieries (Dunsmuir) Ltd bunkers for loading barges, collapsed early today.

For a distance of 350 feet the overhead timbers gradually dragged each other down, and at the head-end loading bunker 5,000 tons of coal fell to the shortline amid a mass of debris.

Aged dried-out timbers, coupled with expansion and contraction of steel rails due to changing weather and undue heat, contributed to the collapse. There remains one trestle and bunker of the three originally operated.

Qualicum to Help Victims of Flood

QUALICUM BEACH, June 8—The appeal for the B.C. Flood Emergency Fund is meeting with good response, according to E. D. Thwaites, president of the Qualicum Beach Board of Trade, who reported $2,206 collected to date. All local organizations are co-ordinating their efforts with the Board of Trade. Districts covered by the drive are Qualicum Beach, Bowser, Union Bay, Hilliers, Horne Lake, Little Qualicum, and the Olympic Logging Camp.

Other organizations participating are Bowser Branch of the Canadian Legion, Catholic Women's League at Qualicum Beach, Knights of Pythias, Qualicum Beach Branch of the Canadian Legion, and Women's Auxiliary, Qualicum Beach P-T.A., Red Cross, St. Mark's Guild and St. Stephen's W.A. There have been contributions amounting to $620 from individual sources. The priest in charge at the Church of the Little Flower turned over the entire collection taken up last Sunday. Next Tuesday there is to be a dance at the Log Cabin under the auspices of the Board of Trade.

Enjoy Last Show

COBBLE HILL, June 9—The last Summer show of the National Film Board was held recently in Cobble Hill Hall. The board representative, Ernest Belton, presented news reels of the Royal wedding; "World Parade," showing postwar Shanghai, a city of contrasts and confusion; "Building for Tomorrow," indicating how the apprentice system builds expert tradesmen as well as buildings; "Out Beyond Town," a story of the problem of sanitation in rural districts, and how health unit officers can be of assistance in the matter; "People's Charter," a comprehensive picture of the efforts of the United Nations Assembly to bring peace to the world; "Canada Dances," a film of Canadians from many nationalities and their expression of happiness in their native dances, and "Eye Witness," showing new immigrants being welcomed to Canada, and an interesting picture of the development of Yellowknife.

The popular shows will be resumed under the auspices of the Shawnigan-Cobble Hill Farmers' Institute, early in September.

Swim at Zeballos

ZEBALLOS, June 8. — Boys and girls are making the most of the hot weather by swimming in Zeballos Arm. B. Godfrey, who instructed boys in sports activities during the Winter, is now giving swimming lessons.

Sawmill Men Not Satisfied

PORT ALBERNI, June 9—Employers' offer of wages for the lumber industry will be definitely turned down, officials of the I.W.A. Local, 1-85, stated. A secret ballot on the employers' offer will be held Thursday. Results will be known by June 20.

Stressing that it was not a strike vote, union officials said that the present contract would be in force as long as negotiations continued. If either party breaks off negotiations, a strike ballot may be taken.

Parents Discover Sproat Lake Boy

PORT ALBERNI, June 8.—Anxious hours were spent by Mr. and Mrs. Walter Goodall, Sproat Lake, as a search party of 12 persons combed the district for their ten-year-old son. The search continued from Monday evening until Tuesday afternoon.

The boy wandered away from home and spent the night in the bush at the roadside. He was none the worse for his experience. Searchers included the boy's father, Alberni Provincial Police, Game Warden R. Lawley, and a number of other Alberni district residents.

Fire Damages Hut At Port Alberni

PORT ALBERNI, June 8.—Prompt action of the army camp fire department averted serious damage when a fire, believed to have started from a faulty Yukon chimney, burned rafters above the suite of A. Masappa in a hut containing eight families. Some water and smoke damage to furniture and the interior of the suite was reported.

Identify Body

A body washed ashore at Mayne Island last Monday was that of Milton E. Harkies, 25, of Mission, it was disclosed yesterday by Skipper E. W. Lockwood and Constable C. A. Whitehead, Provincial Police officers at Ganges, Salt Spring Island. Identification was made possible through a chauffeur's badge fastened to a belt on the body. Harkies had been missing since April 10, and was not a flood victim.

Suffer From Dust

ZEBALLOS, June 9 — Dry weather has caused logging trucks to raise clouds of dust while passing through the village. Sprinklers have been attached to the vehicles, but water is so low in the reservoir that little of it can be used for the purpose.

Have Fire Theory

ZEBALLOS, June 8. — Members of the Zeballos volunteer fire department believe that the fire at the garbage dump was deliberately set by some person who sought to remove the refuse before hot weather brought hordes of flies to the spot.

Nanaimo Ships Hospital Unit

NANAIMO, June 9—Nanaimo Branch of the Red Cross Society, in response to appeals from the flooded area, shipped by R.C.A.F. transport plane from Cassidy airport a complete 25-bed emergency Red Cross hospital unit, held here since 1942 as disaster equipment. Complete in every detail, except for beds, the equipment filled 17 cases and weighed 1,500 pounds.

Beaufort Fire Under Control

PORT ALBERNI, June 8—A crew of nine British Columbia Forest Service men battled three hours to control a bush fire on the Beaufort Range. The fire was a new outbreak of a blaze which had started in the same locality May 24.

The Alberni District Ranger pointed out that the valley forests, with the extreme hot weather of the past week, were rapidly reaching an extreme hazard condition.

All logging operations have gone on early morning shift. Closure of the woods will be averted if at all possible, but will be necessary if the hazard continues at the present rate.

Select Directors At Port Alberni

PORT ALBERNI, June 9. — Alberni District Memorial Centre Society elected seven directors at the third annual meeting. Three more will be appointed by the councils of Port Alberni and Alberni, service clubs and branches of the Canadian Legion.

Those elected directors were: Edward Richards, William Johnstone, Charles Rudd, Herbert Bayley, Herbert Hunter, Clifford Lee and Robert Marr. Chairman and other officers will be appointed by the full executive of ten members.

The meeting endorsed a proposed clearing house for all large local social events to eliminate duplication.

Campbell River Inquest Held Into Woods Death

CAMPBELL RIVER, June 8.—A coroner's jury which met in Campbell River police court to inquire into the case of Oscar Gustafson, 59, found he came to his death accidentally with no blame attached to anyone. Gustafson, employed as a powderman at Bloedel Camp Five, did not die in a blasting accident as first reported. He was working alone last Saturday afternoon, preparing stumps for blasting, when wind suddenly [illegible] a tree which toppled on him, pinning his legs between it and another log.

Gustafson was brought to Lourdes Hospital at Campbell River in the district ambulance, and treated by Dr. N. B. Hall. His shattered right leg was amputated in a vain effort to save his life, but he died Sunday morning. Funeral services were held Wednesday with Rev. W. R. B. Nixon officiating, followed by interment in Campbell River Cemetery.

Dr. Hall also acted as medical witness at the inquest. Others included Henry Parker, John Kerchner, Nicholas Burdick and Patrick Murphy. Jury members were Arthur Clinton, foreman, Harold Hurford, William Hall, Gunnar West, John Smith and Melvin Armstrong.

An inquiry was also held by Dr. Hall Wednesday afternoon into the death of Arvid Dahl, 74, whose body was found in the water on Saturday. There were no witnesses to the accident, but it is believed he toppled out of his skiff which was found floating nearby. A verdict of accidental death by drowning was returned.

Coroner Finds Death Mishap

PORT ALBERNI, June 8.—A verdict of accidental drowning was rendered by Dr. N. H. Jones, the coroner, who conducted an inquiry into the death of Duncan Lawler, aged 8, at Franklin River last Tuesday. The remains will be shipped to Vancouver on Thursday for interment. The child is survived by his parents, Mr. and Mrs. James Lawler, and three brothers, Michael 13, Barry, 11, and James, 5.
